27th August, 1973.

Dear Dr. Hardikar,

Thank you for your letter dated 23rd August, 1973 and for the sentiments expressed therein. I had been to Nairobi, Kenya, for about 10 days, to attend 24th World Scout Conference and I should say it was a most rewarding experience.

My visit to Belgaum and Gulburga has been postponed owing to pressure of Parliament work. I am now programming to visit Belgaum and Gulburga only by middle of October.

Regarding your article I shall also talk to Shri Rajashekhar at the earliest opportunity and ask him to let you know.

With regards,

Yours sincerely,

Dear Dr. Hardiker,

I am happy to note from your letter of 27th August 1973 that now the milk and milk products supplied are satisfactory. You are quite right to demand purity of quality in the supplies to the patients in K.H.I.Hospitals. The Joint Director (Dairying) has been asked to ensure this.

I have heard about the very good work done by K.H.I.Hospitals under your able guidance and dedicated selfless service. I like to visit the Institute and will be writing to you of my programme in advance.

Thanking you,

Yours sincerely,

Dear Shri Hardikerji,

I am in receipt of your letter dated 31st August 1973. I am very much moved for the fraternal love and affection you have for me. When I am receiving hundreds of letters everyday asking some work or other, in your letter, I note that you only desire to see me and spend sometime with me. This, I presume, not to burden me. However, I assure you that I am always ready to do my best in the interest of the Institution and your goodself.

I am looking forward anxiously to come to Gokak and have your darshan.

My dear Dr.Hardiker,

It was only yesterday that I could deliver your letters to our leader Shrimati Indira Gandhi. She was happy to receive them. I told her all about you and your letters. I think she will write to you shortly. On return I have received your letter of 15th of September. You have been again very kind but needlessly formal. I am your old admirer and follower. It was a pleasure for me to have had your Darshan in the campus of the noble institution that you have created at Ghataprabha. May you live long and may the institution that you created thrive and prosper.

With kindest regards,

My dear Doctor,

As you know, I was struggling for my Ashram — funds, as always, are the problem. Last time while in Bombay, I discussed with friends and wrote to Shri T. Sadasivam, husband of the great musician Smt M.S. Subbulakshmi. Most promptly, his reply came though they are extremely pre-occupied, for personal consideration, they have agreed to oblige us. So, we have Smt M.S. Sing for us at Shanmukha-nanda Hall, Bombay on November 28. I am hoping to reach Rs 1 lakh.

It needs a last work on contracts. You have little contracts. If convenient, kindly send me the addresses of some of them to whom I could write from Delhi. Later, I wish to go to Bombay and spend 10 days in early September.

On phone that day, you have told me you have not been keeping very well. I do hope you are better now

I have Vimal Tara's Cond. Thanks. Bus
when I get it on 13th in Delhi, your talk on A.I.R.

Respected Sri Hardikarji

I am very happy to receive your letter dated 22. .73. I expected that you may not be able to make the long journey to my City. However we shall remember on the day of your unique contribution to the cause of the sate and the country.

Among the 12 to be honoured there are persons like Sri. R.R. Diwakar, Sri. Nijalingappa.S, Sri K.H. Hanumanthaiah, Masti Venkatesh Iyengar, Sri. K.V. Puttappa, Sri D. Devaraj Urs, Jayadevithayi Ligade and few others.

Mother is keeping herself fairly busy with her activities devoted to the cause of women and children including girls who are handicapped or old women who have no place to fall back.

It is long time plan that I should make a trip to Ghataprabha. I will try to persuade Mother also to join me in the trip. This may come-off only sometime in January'74.

With kind regards

Yours affectionately

Dear Sir,

Thank you very much for the invitation for the function arranged on 9-11-73. The Divisional Superintendent has asked me to convey to you that he would not be able to attend the function as he has been called to Secunderabad for an urgent work.

2. Necessary arrangements have been made at Miraj as desired by you. There is no retiring room at Miraj. We have made some other arrangements and Station Master, Miraj, has been suitably instructed to receive Sheth Arvind Mafatlal, give him hot water and comply with his other needs. I would request you to kindly tell Dr. Vaidya to contact the Station Master, Miraj, on the evening of 8th instant as he would not identify Sheth Mafatlal. I have also spoken to Sri. Deshpande. Probably, he must have contacted you by now.

My dear doctor,

Your cards and Varta Patra are full of meaning for me. The latter's editorials about "ಪ್ರಭುತ್ವದ" and "ಪ್ರಭುತ್ವಕ್ಕೆ ಸವಾಲು" prove how keenly you feel for the sorrowful humanity of our Country since it attained Independance But, we are all helpless spectators.

In regard to my personal matters, there is nothing to be done between father & Children. We have not seen each other's faces for over nine months now My stay in my part of our Bungalow was impossible. Hence I sold my share and reside 5 miles away and have my peace of mind now. It is regular amputation once and for all, but the wounds are not healed yet.

You too will not be able to cure this mysterious disease, by your loving treatment.

Such cases are growing daily & becoming very common, not only in India but all over the world.

But, a father cannot and will not take vengence, but children of his blood may chase the father upto death by means of litigation

If I had made money, all problems would have been solved between us

But, I believe things are deeper Still, beyond mundane logic. My children are not at fault and I too am not a wicked man, but yet, there is strain and tension. The rootcauses are mysterious. I stand stunned.

Why worry about me & my children? You have many many good things to attend to. My days too are numbered. I feel solace when you make kind enquiries, hence I feel love and affection, and request you to be always kind towards me

I will try to visit you by end of this month. Please convey my loving regards to dear revered Akka & Dr - affy yours T.S

My Dear Dr. Hardikar,

From you, we straight drove to Hubli and reached at noon via Munavalli. I met Karmarkar in the evening. He is better now.

The time perhaps is very near when I may be free. However, in view of the great responsibility and the complexity of the problem, I must find persons who are willing to take the burden and ostensibly be able to bear it.

I do understand and appreciate the anxiety of a dear friend like you. But rational considerations have to match emotions so that a proper balance is struck.

I was happy to have met you and seen you in good health.

I am sorry I could not have time and talks with Dr. Vaidya.

Kindly convey my high regards to him.

Dear Doctor,

What a privilege to receive your letter I got yours of Dec. 1st just now. Thanks. Yes, I will be having my 72nd Birthday on the 10th of this month and some friends of Davangere have arranged a function on the Seventeen and with Swamiji walkas. I am not sure of living enough to be with Eighty walkas. I will not be unhappy either way.

It is true time flies fast and it looks as if we were working together just yesterday. Does it not show that we spent that time so usefully that it remains green in our memory. I often wish we relive those times again just to forget the more too happy and satisfactory present.

Sri. Mavegoli has given me a copy of the very good biography of yours "Nagidaroo Mogu" at Hubli. I read it with considerable pleasure and interest and was benefited.

I am grateful for your good wishes for many returns of my birthday. I am sure you are enjoying your rest in that celebrious Ghataprabha.

Wishing you the best

Your good wishes ~~which~~ reached me on the 7th. Most profound I thank You for the same. Do it You made a particular reference to the close friendship between me & your father. It touched my heart and revived my memories of the first meeting I had with him on the 14th of November 1923 at Swarajya Ashram when we two together took in Allahabad our lunch ~~and which was served by~~ Your grand mother dear ~~Ind~~ Swaroop Ram. It was ~~a good omen~~ a memorable occasion in my life. Now on my 83rd birth day I get a message from his daughter wishing me many more years of life. I will cherish the two lines You have written, Indirajn! You are one of the dearest persons in the world So I do not take much of your time. ~~I~~ I wish to get from time to time a line ~~from~~ ~~love~~ ~~Indira~~, that I am ~~in your~~ ~~mind~~ ~~heart~~ You have been giving ~~me~~ ~~all~~ ~~these~~ ~~years~~ ~~during~~ during his life time. ~~Other~~ Excuse for the ~~last~~ ~~letter~~ delay in writing.

Dear Shri Hardiker,

I am indeed glad to go through your letter of 13th instant.

Of course, I had discussion with Shri Devaraj Urs, Hon'ble Chief Minister about yo r activities in Ghataprabha.

I will definitely make it convenient to see you when I go over there. I have also conveyed your desire to Shri K.F. Patilji. Perhaps, you may hear from him shortly.

Thanking you,

Dear Sir,

Your to-day's telegram is received just now, and the Hon'ble Minister for Health has perused the same. He has been pleased to accept your invitation to lay the foundation for the new wards in the Ghataprabha Karnataka Health Institute on the 26th. Time convenient to Health Minister is before 4-00 p.m. Since the tour programme has been issued already this programme could not be included. However, I have ~~[illegible]~~ informed the same to the District Health Officer, Belgaum, for needful action.

A copy of it is also enclosed for your information

Thanking you,

Yours sincerely,

My Dear Nanasaheb,

Last night I received a telephone call from my eldest sister Mrs. Pramila Bhokarikar that you are admitted in the hospital in view of your in-different health . She also told me that you were good enough to remember all of us. I still remember my childhood days when you often used to come to our old residence at Thakurdwar, Girgaum, alongwith the other Congress Workers such as Diwakar, Hukkerikar and Karmarkar. The service that you have rendered to the humanity for the last several years by staying in Ghataprabha is indeed priceless. Our country still requires your invaluable services. Your relations with my late father have been very cordial. It is only during the last few years that we had no occasion to meet each other. I offer my sincere prayers to the Almighty for your speedy and complete recovery.

We are all well and hope the same with you.

With warm Regards.

Dear Dr. Hardikar,

I am extremely happy to receive your letter dated 27th March, 1974 and to know that Shri H. Siddaveerappa, Hon'ble Minister for Health has spent more than half an hour in seeing the construction of T.B. Ward, which has practically come to an end. I need not say that I am one of those, who are wishing the institution a grand success, that too when it has been founded by a man of your type.

You have asked me to come and meet to discuss about the food problem. You will excuse me when I say that I am awfully busy here and as a Food Minister they require my presence every day, since Legislative Assembly and Council are in session. I should say here that the body of mine is here and the soul is with you only. If you do not misunderstand, kindly write to me as to what I should do. I will do my best to implement the suggestions made by you and it will not deny my priviledge of meeting you. However if time and work permits I will come and meet you.

Let me know about your health and wish you a long healthy life.

My dear Dr. Hardiker,

When I received your last letter, I was about to leave for Bangalore. In the hope that I would be able to go and meet you personally and talk to you, I did not send a reply to that letter, but, unfortunately, I got pinned down to Bangalore for a longer period than I had expected and planned, with the result that I had to deny myself the pleasure and honour of seeing you personally. I had to come back to Delhi somewhat suddenly. Some time later this month or early May, I expect to spend lot of time in that area, and I shall be looking forward to coming and meeting you.

We are all keeping well. Chandrika and children join me in conveying to you their affectionate regards.

My dear Dr. Hardikar,

I am very happy to learn from the Press about your 86th Birth-day being celebrated on 7th May 1974 at the Karnataka Health Institute, Ghataprabha. I also understand that this year happens to be the year of Silver Jubilee celebration of the Seva Dal Movement of which you are the founder. I feel immensely proud to associate myself in wishing you many more healthy and happy birth-days after relentless toil and satisfaction in fulfilling your ambitions.

I would have very much liked to be present there on this occasion, but for the fact that Parliament is in session till 10th of May and am not able to do so.

Please accept my hearty returns of the day.

Dear Shri Siddaveerappaji,

The authorities of the Karnataka Health Institute, Ghataprabha have represented to me in regard to the continuance of grants to the Auxillary Nurses' Training Course that is being conducted by the KHI at Ghataprabha for the last several years. In that, it is also mentioned that an assurance was given by you when you visited the Institute a year and half ago regarding the continuance of grants. But still nothing has been heard in this connection.

In my opinion also it is not binding on the part of Government to provide employment to the Nurses trained in other private institutions. In addition to Government, several medical institutions are also serving the cause of patients by establishing big and small Nursing Homes in cities and towns forwhich the services of Nurses especially trained ones are being employed. Though Government is a big employer, there cannot be second opinion about the availability of employment opportunities in private institutions. Private medical institutions run on par with Government run institutions in the medical field.

It is also said in the representation that the institution has incurred an expenditure of Rs 1,60,000/- so far for this purpose. This institution has incurred this much of expenditure only depending upon the assurance given by the Hon'ble Health Minister, according to the authorities of the Institution.

Will you kindly look into the grievances personally and see the grants are given to this institution for running the above said course?

With kind regards,

Yours sincerely,

Dear Dr. Hardiker,

I am in receipt of your letter of 10th instant and thank you very much.

I have noted from your above letter that Shri Kondaji Basappa, Deputy Minister for Health and Family Planning, Government of India, New Delhi, has accepted your invitation to inaugurate the function on 8th June 1974.

When I received your letter I was under the impression that the function would be held on or round about 15th June 1974 and hence made my tour programme on that date.

In the meanwhile, I have accepted an engagement on 8th June 1974 at Byadgi when His Excellency the Governor of Karnataka has graciously accepted the invitation to visit Byadgi for a function.

Now, I have to inform you with great pain that it will not be possible for me to attend the function on 8th June 1974. It is my misfortune for having missed the occasion of meeting you and not associating myself with your Institution.

In view of my commitment, as stated above, I request you very sincerely to kindly excuse me for my absence on 8th June 1974.

However, I wish the function all success.

With best regards,

Yours sincerely,

K H Patil

My dear Dr. Vaidya,

I have your letter No.1590/74 dated the 29th May last. It is, indeed, a delightful news to learn that a newly built ward of 20 beds in T.B. Section (Nandanvan) will be inaugurated by Shri Komaji Basappa, Deputy Health Minister, Govt. of India, on the 9th June, 1974. I wish I was present on such an occasion, but, it will not be possible for me to do so due to my pre-occupations and pressing engagements on that day. I am glad Dr. Hardikar is recouping his health. Kindly convey my best regards to him and good wishes for his speedy recovery. Also convey to others my regards and accept them yourself. I am sure the function will be a great success and the K.H.I. Hospitals will continue to render medical services to suffering people.

My Dear Shri Devaraj Urs,

I am keenly watching how you have been fighting against odd and wish you success in your efforts. You had paid visit to K.H.I. Ghataprabha just before the general election and became our Chief Minister. I expected you during your recent visit to Sankeshwar but you could not spare time. I against request you to please include Ghataprabha during one of your terms this side and give me the pleasure of your company.

I am now obliged to write to you on a very sensitive and delicate problem. Of course I am confiding it with you since you are not merely our Chief Minister but being a Urs you can take an 'over-all' look understanding the implications and do just what is wanted.

It is regarding the Loka Shikshana Trust and our very very close friend Shri Diwakar. Time has come when we have to save both from downfall and ruin. Shri Diwakar by his long record of service and sacrifice to the country and Karnataka in particular is himself an institution, which we have to pressure and protect. Unfortunately under the influence of his son (who is my estimate is far far below the honourable level and not a worthy son to his father) he has not been able to see things clearly. The Loka Shikshana Trust you know has done yearsofservice during the Freedom struggle and even now tith all its defects and drawbacks is considered as a potential force for moulding public opinion. I am one of the living witness to the formation of this Trust. It is built not merely by Shri Diwakar but the sacrifices and help of hundreds of people. Late Shri B.N.Dotay, Shri U.G.Gokhale Shri N.G.Joshi founded the paper and Mohanray took its editorship and built it over long years of hard labour and sacrifice. Many young workers sacrified their prospects and worked in team spirit to build the institution. Shri R.R.Diwakar was chosen as sole mainly because of the uncertain political conditions of these days so that the paper could run without break even if one was arreasted or disabled. As it was essentially built by the people for Socio-political object i.e. uplift of the and the depressed it was maintained as a Charitable Public Trust so that the person or commercial interests of those who manage it should not bring almost the ruin of its strength or main object. Unfortunately what we i.e. Dotan, Mohanraj, Hukkeinkar Kabhur, Alur Venkatarao myself and many others all had feared has come true. Under the influence of his unworthyson Shri Diwakar seems to have forgotton the past and the position of Sole Trustee has almost turned him as a Proprietor. I understand he has now nominated Shri Navajata of Pondicherry, Shri B.V.Bhandary and his own son as his Trustees, though there is a case pending before the Charity Commissioner questioning his right as Sole Trustee and so many malafide actions. I too advised him not to defend too much on the jugglery of law and ignore the past services

sacrifices and aspirations of people living or dead who have been also responsible for growth of the institution. But I have to admit with greatest disaffintment my advice and advise of many old and close friends, has had no effect and we all feel that he is terribly suffering from the disease called 'undue care for his son'. Something has to be done to save Shri Divakar from this disease.

I have also learnt that besides rushing to nominate his successors when the matter is under dispute, there is also an attempt to form a Private Limited Company and entrusting the business of the Trust to it as a Commercial Proprietory on consideration of some dole for the Trust which would then exist to receive and enjoy the dole.

As a person interested qqually in Shri Diwakar and the Loka Shikshana I am very much pained to see all this. I want some body to work and seethat the Institution goes back to the people to there who worked directly and indirectly for its present growth and make Shri Diwakar aware of the fakes he is commiting and thus awaken him to his past. I some how thought I could address you in this behalf and you can do it tactfully. Many many people in this parts would feel sorry disaffinted it the Loka Shikshana Trust were to love its character and object as as a public Trust and I felt I should write to you now to prevent it before it is too late.

Dear Dr. Hardikar,

On my return to Delhi, I find that the position of your cases for Grant-in-aid is as follows:-

(1) Cystoscope, Steriliser

The sanction for the 2nd instalment or grant-in-aid for Rs.16,068.50 is under issue.

(2) Blood Bank

The Ministry has called for certain information and invoices from you which may please be furnished to enable them to process the case further.

(3) Incubator room, Elevators, Surgical Equipment

The request was considered by the Grants Committee at its meeting held on the 29th May 1974. In view of the very limited funds available during the current financial year, no grant could be recommended.

(4) Central suction, Power laundry, Intensive care unit Van for above.

The request was considered by the Grants Committee at its meeting held on the 29th May 1974. In view of the very limited funds available during the current financial year, no grant could be recommended.

(5) X-ray tube

A sanction for Rs.35,183/- (in two instalments) is being issued.

I have received your letter dated June 18, 1974. I have written to Shri Brahamananda Reddy as well as to Shri Chanabasappa in regard to both the matters referred to by you. I am glad to know that even though your body gives you some trouble but still you are continuing your line of service with usual vigour and enthusiasm. This in itself is an inspiration for a comparatively younger person as I. As you know I am already a youngman of 61 now. My Dear Ganapuley,

I have all your letters. I will study all of them again and then will attempt to answer them all one by one.

Since recently you have been writing to me about your joy and sorrow you have derived at the hands of your old and new friends. It was all very well. Now I have to say to you - "Stop it please and forget it. Take it as a past story. If you will keep them in your mind as you have been doing so far, you will unnecessarily suffer later. You have done your life's work. His enough. God wants you. Now, to think only of Him. He has created this universe. Think of seeing and talking with Him and with Him only.

You have given some land - more than seven acres - to that Great Sire who gave you a word of creating an abode for the ailing humanity of that area. Leave it to him. Why do you think of it and give an uttarance to that for which you have said [illegible] Don't; please don't waste your good time and the remaining life in this affair.

That is why I have been asking you to come here for a quiet life. You have given more than a lac of Rupees to this Institute. It doubly owns you and you own it thousand times. We have been urging you to come here and spend your remaining life here quietly doing [illegible] awaiting a [illegible] of that Unseen and making all of us [illegible] You have not yet heard our heart-felt call. We implore you again and again and be sure we will continue it unabated until you hear our call.

If you desire a reservation on any train to Ghataprabha in order to come here let me know immediately. I will get it done quickly for you. Do let me know the date of your coming and the number of persons coming with you. Then I will be able to get the reservations done. Don't forget to write to me immediately.

If you assure me of your coming here I will see that a small hut or an ashram for you is built in your name where you can spend your life in the [illegible]

Now I write to you about another matter. It is regarding our mutual most respected and loved friend Dr. R.R. Diwaker. "The Tarun Bharat" daily has published a sensational news. It says that Samyukta Karnatak and its entire property is being sold to Shri Ghorapade (Minister of Finance in Karnatak) and that deal to take place now, before the end of this month. I have therefore sent him a wire yesterday, I am sending a copy of the same to you and sent one to Maddurao also for your & his information. Please see and ponder over it. I am very sorry about it, but what can we do? That is India's luck. That is our National character. Nice, Is it not? Therefore the only hope left for India and us is to invoke God and appeal to Him to give us sense, strength, good character and readiness to sacrifice our all [illegible] upliftment of mankind.

With love, Acknowledge.

Yours affly.,

(N.S.HARDIKER)

My dear Nanu Kaka Dr. N.S.Hardikar,

I Marybai J.Guttal your daughter is keeping well and I wish the same from you.

As you know the fact that the Women's Hospital is being closed since two months due to heavy loss at running the Hospital and I have no job since then. Now the Hindi Vishwa parishat people are taking kneen interest in improving the Hospital and are planning to run that Hospital with an great expectation. I was told that a good Doctors and nurses are going to be appointed in the same Hospital. I want your favour in this respect Doctor I would like to work in the same Hospital where I served for 23 years. Kindly give your recommendation letter to the Medical Officer concerned.

I am facing many domestic problems. Besides that my husband has no Job and one of my son is studying in IXth Std. at Dharwar Boarding. My daughter is also planning to go for nursing and she has applied already, at your Ghataprabha Hospital. In all these concerned I would like to come to Ghataprabha next week and see you personally. Kindly help in my future. I hope you will help me.

Thanking you, with best wishes

My dear Respected Dr.Hardiker,

I have received your letter dated 8th July 1974 and many thanks for the same.

I had heard from Dr.Vaidya that you were not keeping well. I am quite sure that you have now recovered and are maintaining your good health.

After having discussed with Shri Arvindbhai, I had written two letters to Dr.Vaidya, the contents of which he must have acquainted you with. He had written to me that after consulting Madhu, he would write to me again. I am awaiting his replies.

I have no plans of going to that side at present.

I had a discussion with Shri Manibhai Desai, Head of Bharatiya Agro Industries Foundation and Uruli-Kanchan Institutions. I had suggested to him that he should visit the Karnatak Health Institute and give his suggestions for development of the Institute, particularly with reference to animal husbandry, dairy development and other rural developments. He has agreed to come to Ghataprabha. I have proposed to bring him to Ghataprabha after the rainy season.

Pujya Dr Hardikarji:

In continuation of my letter dated Jue 15, I feel, I must report to you the developments in regard to the Women's Hospital.

Vihwa Hindu Parishad has taken up repair work (white washing, painting included) is going on at full speed. The hospital has a new face now. It is proposed to add additional bath-room and w.c. facilities with continuous hot water supply. The bore well will be commissioned once again. Permission for connection of underground sewage system is applied for.

A lady doctor is appointed as resident medical officer. She has 2 years experience and has good reference. She is grand daughter of the late Shri Benni who was adm, of Hubli Municipality, and now by marriage Mrs Kadeangadi.

A prominent surgeon of Hubli of more than 25 years standing, who has built up a lucrative practice and vast goodwill has offered his service to the hospital. To begin with he will devote more number of working hours to OUR hospital than to his and later when he is able to dispose off his present outfit (30 beds nursing home) he will be a full time worker staying in the campus. The person is not unknown to you: Dr P S Huilgol.

Sri Swamiji of Pejawar Math and Sri Jagadguru of Murusavirmath have also visited the hospital and blessed the venture of Vishva Hindu Parishad.

Soon we will go to people for donations and have the full confidence that they will not let us down.

We wish to begin the work in the hospital at least OPD by Aug 1.

After Pooja, havana and homa in the traditional custom and manner the hospital will be formally declared open in the service of the people.

It is my earnest desire that you and Dr Vaidya saheb should grace the occasion and participate in the function and give the institution the benefit of your Amrita Hasta.

By the way a draft agreement between the IWAS and VHP is sent under separate post. A list of new members of IWAS is enclosed.

I will write you again. Meanwhile with my respectful pranams.

I think I should meet you at your place Parliament Session closes by the end of next month. So I am therefore planning to go to your place Sometimes in September.

We are celebrating Sri Siddalingaiah's birthday on Sept 3rd 1974 and are making arrangements to duly honour him. There is also a

plan to construct a memorial at Sivapur, where flag Satyagraha was staged and the right to fly the national flag secured. This will be a big affair costing more than ten lakhs of rupees. I am thinking of getting the foundation stone laid on the 3rd of Sept. 1974 for the memorial building.

I wonder whether you would find time to write a piece about Siddalingaiah and the Satyagraha for the book we are publishing that day. I would be grateful to you if you do so.

Pujya Dr Hardikarji:

My heart is full to convey you the very happy news that on the auspicious day of Aug 15, we have been with goodwill and blessings from noble souls like you, to put new life into the Women's Hospital.

Besides being a national day the stars and planets too were very favourable to make the venture. Thus puja, havana etc were performed in the traditional manner invoking HIS GRACE, His Holiness Jagadguru Murusaviramath Swamiji brushing aside all his many engagements spared us a couple of hours and visited the hospital during puja, addressed the small invited guests, made a very moving speech and personally made a donation of Rs 1000/-. He then declared the OPD open.

The hospital certainly has a new look now. What with many coats of white wash, paint and repairs, it looks like a hospital. From the inaugural day onwards we are receiving patients in the OPD. The wards after modernisation will be thrown open.

On the advice of some well meaning friends we have given an ad in the Samyukta Karnatak (may appear tomorrow or day after) to say the hospital is open to the public irrespective of caste, creed and colour. Surprisingly the advice came from Hindus who were afraid that people may think that medical facilities are available only to Hindus, since management is under Vishva Hindu Parishad. It is a tragedy that Hindus have an inferiority complex to imagine all this nonsence when in nature and habits, knowingly or unknowingly Hindu is the most secular being on earth. The tragedy is the fear is expressed by Hindus and not non-Hindus. They come to our hospital; some of them have applied for jobs; we are going to consider the deserving ones.

Any way our work hereafter will prove our words. I can solemnly assure you that you willbe pleased to see our progress, because the Parishad's ideals are not different from yours.

My Respects.

It is not possible for us to sanction old age pension to Shri Joshi as he is already earning an income, even though it is a small one. In fact, the old age pension given by the Government is only Rs.30 per month and is intended to absolutely destitute persons of whom, you will agree, I am sure, that there are many in our State.

I am doing the next best thing, which is to send a cheque for Rs.1,000/ from the Chief Minister's Relief Fund to Shri Joshi. My Secretary will be writing to him, and will send him a cheque.

My dear Dr Hardikar,

Many thanks for your three letters received through Shri Mangoli.

I had to go to the Parliament to attend to my duties within about 4-5 days of the accident. I am by God's grace and with your blessings well enough now. My grateful thanks for your blessings.

As desired copies of the Collected works of Mahatma Gandhi (Volume 42 to 54) have been obtained and given to Shri Mangolia.

I am also attending to the matter that has been brought to my notice in regard to the purchases made by hotels and restaurants. I will give my best possible attention.

With kindest regards,

Yours affly

My dear & esteemed friend,

I am indeed very happy to receive your affectionate communication dated, 28th August. I am most anxious to meet you. I hope on one of these days I will do so.

I have finished writing my memoirs. I do hope to get two volumes - one representing the events before Independence and the other after Independence. I expect them within six months and I shall certainly send them to you.

I am sorry you are not keeping good health. I wish you well. Your services to the Country will never be forgotten.

With kindest regards,

My dear Dr. Hardikar,

I thank you for your letter dated 6th September and your kind words and good wishes on my election as Vice-President of India. Coming as they do from an elder like you, I value them immensely.

I believe in doing my duty, without expectation of any reward. It is all His Will, and we have to carry out our allotted task, whatever it may be. I firmly believe that if I came thus far, it was because I steadfastly followed the path I have chosen for myself and the co-operation and goodwishes of elders, played no mean part in it. And, needless to say, I have regarded you as one of those.

I am likely to be in Karnataka in early November when I will have the pleasure of meeting you.

My dear and esteemed Friend,

I am indeed delighted to receive your letter dated 17th.

I quite agree with you and I have been reiterating the proposition that if India is to improve, we must go back to the Gandhian times. The whole of the country knows the great sacrifice you have made and the country is happy that you are still active enough to give inspiration to the youth of this country.

Like you I am an optimist, and I shall continue to do my work irrespective of the results and consequences. I am taking up two kinds of work both in Madras and in Bangalore: One is to have a committee of dedicated people in every ward of this city, Bangalore, to take up the cleanliness campaign which I successfully accomplished when I was Governor here. This committee will also take up the work of holding the price line and will try to deal with issues like corruption, adulteration, mal-distribution etc.

The same kind of thing I am trying to do in the city of Madras, so that if I can do something substantially and permanently, this will be an example to the rest of the country.

I know I have your guidance and support in everything that I might do. I have a great desire to meet you and talk over many matters of common interest. I shall try to go there some time later.

HOME MINISTER
INDIA

New Delhi-110001,

~~September 30, 1974.~~
October 4, 1974

My dear Dr. Hardikar,

Thank you for your heart-warming letter of September 26, 1974.

It is true that Shri S.N. Subba Rao met me at my Home Ministry office the other day and gave me a brief account of his selfless and devoted service in the cause of reclamation and emancipation of Chambal Valley dacoits. I gave him the message he asked for to be published in a souvenir he is going to bring out in respect of the Ashram he has established near the Chambal Valley.

I have thought more than once of paying a visit to Karnataka Health Institute in Ghataprabha and spend some little time together after a long interval of so many years of separate functioning in our respective fields. Unfortunately, it has not been possible to spare time. I shall be in Bangalore from the afternoon of the 12th October to the evening of the 13th. But if I do not return by the evening plane from Bangalore, it would disturb several other commitments. Moreover, since I have joined the Home Ministry, I have adopted the practice of not remaining out of Delhi for more than two days.

I still hope to devise some arrangements on the occasion of my next visit to Bombay or Poona so as to connect a visit to Ghataprabha with it. Alternatively, I shall have to appoint some convenient date only for a visit to Ghataprabha and return. I send my very best wishes for your good health and happiness.

Dear Sri. Hardikar,

I received the letter written on your behalf. I welcome any effort made to make our nation free itself of corruption, violence and other evils. Efforts made sporadically or individually have not been able to mend. Jayaprakash Narayan is also at it. I wonder if a united effort could be made.

However, I welcome your idea. You could think together with your friends. After that, if you think it worthwhile, you could call a bigger meeting at Bangalore.

I have to be in Delhi at the time of your meeting.

I may return to Bangalore in the 2nd week of May.

With high regards

My dear Hardiker Ji,

I am extremely happy to receive your letter of 1st instant. I felt deeply concerned to learn that you were in bed for three to four months with prostrate glands. I had no news from you or from any other friend. I am sure Dr. Vaidya's matured and experienced hand will bring you back to your normal health and you will live long to serve the country. All your life you have done this and you must, therefore, remain healthy to continue the work. Unfortunately Mr. S.R. Nanagoli has not seen me yet. I am keeping extremely busy these days; yet if he meets me by fixing an appointment or during morning hours between 9.00 and 10.00 A.M. I shall certainly do whatever I can. I did not find a copy of the letter which you have written to Dr. V. Ramakrishna, Deputy Director General of Health Services. I hope all else is well. Kindly accept my Diwali greetings and good wishes with my personal regards to you and to Dr. Vaidya.

My dear Hardikar Ji,

I received your postcard dated the 6th instant. It was, indeed, a disappointing news to learn that you are stuck up to bed and have become immoveable. Shri Chandu Lal is worse. You know his leg has to be amputated and he has an artificial limb attached to it. Although he is able to move, yet it is still painful to walk with the artificial limb. He is, however, getting to work gradually. I am, of course, still heading Delhi. Many storms have come and have gone and they may come again and go. These are times when one has to suffer for his honesty and sincerity and smilingly put up with all nuisance. We have commonly learnt this lesson and, I, therefore, get inspiration from you. I pray that you may get back to the normal life and work effectively. Kindly convey my regards to Dr. Vaidya and all others.

Dear Shri Hardikar,

I thank you for your letter. Necessary instructions have been issued to the Deputy General Manager and Divisional Controller, Belgaum Division to ensure that the vehicles running between Chikodi and Hubli passing through Ghataprabha stop near the bus shelter near the campus when the passengers desire for the same. Regarding your request sending patients of the K.S.R.T.C. to the Institute for treatment the same has been sent to the General Manager for examining the matter and send intimation to you about the decision taken.

It is my pleasure meeting you and Dr. Vaidya during my visit to the Institute and I am very appreciative of the good and humanitarian work carried on there. Please convey my regards to Dr. Vaidya and accept my very best wishes for your good health. I am retiring from Administrative Service from 1st January 1975 and I hope I will have an occasion again to meet you and Dr. Vaidya in the course of my visit in that region of our State.

dear Maharshi Hardikar,

The first letter of this year I received from you dated 29th DEc and the first letter of the year I am writing today to a Maharshi Which is im opinion a good omen for myfnture atleast in this year.

Shri Kaujalgi was with me on Monday as I requested him to meet me, as having absolutely nothing to do here any thing productive that could atleast help someone and not being able to sit quiet and meditate to elevate my innerself and forget everything outside which is supposed to be the most laudable thing to do by one who is getting downwards step by step, the only alternative left to me is to come over to you and try to do something there which is still possible for me.

The Hospital that is coming up here will be avery poor show as there is no one there who is really interested in its construction from the standpoint of Doctors andm Nureses who are supposed to be working there. At any rate I shall not be much in erested in its working The whole thing lacks the heart, the dedication. I am only happy that atleast something is being done and once it starts functioning those whp are building it today will have to do something more.

My staying here had some sense when atleast the small scale industries idea could ave been realised but I do not know if it will be possiole at all. But Kaujalgi insists that I should stay here going to Ghataprabha more often than what I am doing today. I think that if now I come to Ghataprabha it should not be with a view to return anymore as there is nothing here that could engage my attention. Sai Baba organisation is not at all coperative. Everything is done thoughtlessly by men who have not any i ea of an hospi al and its requirements. That was the last straw on which I was holding. Naturaly that gets me thinking what for am I here if neither the administration of Hospital is any more possible under present circumstances nor could I interest myself in building up the small scale industries for Kaujalgi as previously planned which could have closed my life in flying colours. Now there isneither a worldly/material evolution to be expected nor could I achieve here the selfrealisation. So I am virtualy caught in this funny world watching intently the great Tamasha played here around me by the great so called spiritual Garudi Magician the Sai Baba in the name of religion and in the outer world Indira Gandhi with so many monkeys on the chain in the Cabinet and in the provinces are dancing around at her call and making their various tricks according to instructions, which everyone receives in Delhi where they are constantly to be found. So I am in a circus here bewitched and enamourated like a child and cannot possioly leave my place although better thungs call me there at Ghataprabha But I think soon I shall get tired of that too and then turn my face to you when as an understanding saint you will take me in your fold

I wrote to you once having written to Shri Diwakar a 8 page letter reminding him of the various things that he has done under the influence of his son andultimately so I see it ruined the good name and work which had built for himself. But he has not given up his sting of blaming all others. While closing hisphilosophical reply he has not failed to give me a last kick closing his letters with "Best regards to all the friends and to yourself meaning again that that 8 page letter was an outcome of so many other heads who are in h-isopinion working against him. To which I replied that that I in person vouch for every word written in that letter

I am sorry for the man who sees only enemies in his one time best friends .

I heard frok Kaujalgi also that Dr Vaidya will be going to Bombay Shri Adya having ar anged an enge e ment for him with Shir Mafatlal. Yes, we must try and drag the attention of as many for this type of work. Shri Gadagkar may also be able to influence Smt Sumati Behn to come there one day and help in other direction . But to do all that you must be there. Eveen all our great manarshis and babas are constantly going about in getting money for something unknown as they call it then why notm We atleast for something known and which can be seen.

I shall write for theVarta Patra if you think that I should continue on the line. In my last I have written about Paristhiti and this time I have to write about Vyakti

You see that I am sitting here today before a magic Box but soon the play will end when I shall some to you.

With my kind regards to self and all the others who will be around you from time to time.

Very sincerely yours

Gangale

Shri Shankar Rao with his sweet and inspiring voice used to guide us so long. I do not know how and where can we find another one during his 15 years association with us I had the institution had acquired a lot from his strength and resourcefulness they rarely we get such sincere and institution minded persons and we naturally feel very lonely and deserted when the inevitable end comes to the life of such persons.

It struck me many times whether he could have survived this attack also but you know on Shivaratri Holi day. It was as if the Death was watching your chance to catch him and even in our day it played its trick!

We have to face this and I hope & pray God to give you especially all the courage & confidence

My dear Maharshi Hardikar,

Received your letter dated 4th conveying to me the unhappy news of the tragic and sudden death of our good old friend Shri S.V. Karlo skar who was befriended to my for more than 60 years. I learnt about the sad news from the papers on the 2nd Morning through paper. I did not dream about it when I left him on the 24th of Nov a day before I left Ghataprabha. And that was to be our last meeting. Although one took to it a philosophical look that all of us have to go the same way one day or the other and tried to get over the constant trinkiges about it still the thought persisted in subconscious mind and I dream dreamt that with from 2nd to the 3rd that I was burning alive. The first time in my life I had such a dream.

It was surely a great loss to KHI and I was constantly thinking about you as to how you will take it. I was glad to receive your letter which also exuded a philosophy of life coming from you. He is bodily gone from us but shall remain as a Manaddeep for KHI keep on throwing the good light of his actions which had helped KHI on its way.

But we have then you as our light to guide further the to future success of KHI. You have braved it so far and I only wish that you will carry the torch onwards on which the others can fo-llow

I have only expressed my regret in my last letter for being caught in the two fires inspite of trying my hast I am not getting out of it. I am going to make my last attempt to cut myself from these bindings which I have inflicted upon myself. I am also very much tired of this place, whose nothingness is slowly working negatively on my mind which was so long so very active and exhuberating.

I wish I could come there not as a cripple but still some activity so that I can be of some use to the institution. I have written a final letter to shri Kaujal-gi who is the owner of land and house with which he could do what he likes as all the greats plans of starzing there a Small scale Industry for his children has been raised to the ground and more so by the most stupid decision of His son who was supposed to to come and stay here and conduct the new undertaking.

This is all for the present. More afterwards
With my kind regards to Dr Vaidya and all others as usual

I have just received also an invitation for the annual meeting to be held on the 19th of January in which there first entry as condolence of Dr T.G. Joshi I do not know what Joshi is meant and there is no condolence about ~~the Vice~~ Shru S.K.K.

I cannot come but I propose that Shri Mangoli should be selected as the Secretary of the Insitution as an active man on the spot.

Thanking you a gain.

Sincerely y-ours

Dear Shri Hardikerji,

I have received your kind letter dated 1.1.1975 regarding my visit to your Institute and the Harijan Colony at Dhupdal near your Institute. On account of several pressing engagements I was not able to visit those places.

I assure you that I shall include this item in my next tour programme in Belgaum District and visit the places.

With kindest regards,

My Revered Brother,

After patient waiting, I feel that I have received all your letters.

I wanted to visit the Great Temple of Viswanath once before my life ends — but on going to Kashi, I felt that the Great God had a poor show in a neglected corner of once a great temple — which had been converted into a Mosque by Aurangzeb.

Secondly, I had a fall in descending the steep steps of the Hanuman Ghat and fortunately escaped with a sprain in the right foot, which has become almost normal now.

The greatest loss was to The K.H.S. community in the passing away of Sri Shankar Rao Kirloskar; I read the sorrowful words in the Hindu, and in the letters written by you and Dr Vaidya. It is a great void and I don't know how it can be filled, but I have faith and feel sure you have found a suitable president.

Sri B.N. Gupta keeps himself busy so much that I did not find any voluntary effort on his part to solve problems

of this span of life. We meet and greet at some meetings or social functions. Before I visit you in early February, I will meet him once. He has a love and longing to you personally & to 15 H.I.

As you advised me, I am slowly getting [illegible] under control; yet, I feel how strong they are.

I believe in Faith: — "Whatever happens, happens for the best."

Please convey my loving regards to Dr Saheb Vaidya and Mangolji. All OK. here — With Reverence

Dear Dr Vaidya,

Thank you so much for your post card of 10-1-75. I am glad to know from your hand writing that your condition has improved & I hope & pray that you will soon be normal.

Regarding Shri Kelkar the sudden death was a boon to him as mentally he was very much perturbed. Because of Dr. Vaidyas care he survived so long and was able to live without suffering much pain or discomfort. It is only natural that Dr Vaidya should feel that Kelkar's end came in his absence for only a day from Kitt. This goes to prove how necessary is his presence at Kitt & the extent of contribution he is making to humanity.

My being with you in 1966 is only wishful thinking but since Kamla is not keeping well & refuses to rest her contribution to the physically handicapped & there is not much help coming from Sonny, I have to stay with Bombay even though the fact is not appreciated by her or by Sonny. Besides these too many Commitments & even though I am cutting them short, I am afraid I may not succeed. Right now I have been served with a non-bailable warrant by Chief Magistrate Bellary to appear before him on 28/1/75. I do not know how I can get out of it with my doctors Certificate asking me not to undertake the journey as afraid I will have to undertake the journey at the cost of some damage to my health. I pray to God that I may be permitted not to attend in person.

My dear Dactor Saheb,

Many thanks for your kind Blessings of the 11th instant. I am very happy to have your kind letter. I pray All Mighty to give you all the strength in the New Year to serve the suffering humanity.

Although, I have not come to ~~the~~ Ghataprabha, I have been making enquiries about your health and I am very happy that you have recovered from your recent set-back. We all think about you in our Prayers.

I was to leave for Bangalore on the 19th, but Prabhu informed me that he might go to Ghataprabha for a meeting in the K.F.I. I insisted that he should attend the meeting and that I would also join him in giving company. In case he does not change his programme, I shall come along with him on ~~the~~ 19th to Pay our Respects to you.

Kindly convey our regards to Dr. Vaidya.

My dear Doc,

Yours of 16th duly received.

You are neither खायला गोड nor मुखाला गोड, since you do not eat much and do not weigh much.

I am having a lot of trouble and have been threatened with a non-bailable warrant by the Chief Judicial Magistrate, Bellary if I do not appear before him on 28/1/75. I am further advised that the technical offence committed by my Agent and Mines Contractor is punishable by with three months imprisonment and or a fine of Rs 2500/- or both. I am therefore making every effort to go to Bellary either via Belgaum or Bangalore on 25/1/75 and hope I will not get worried at them. I am feeling now with labile blood pressure and colitis.

I have requested Mr. Khandekar to approach the Chief Judicial Magistrate through Mr. Habbu but do not know if he has taken any action or, if taken, it has any favourable effect.

To-day I have sent an Affidavit with Medical Certificate to Bellary and hope this will save me from imprisonment. It seems that fate is against me and this is the reward I am to get for starting Industries & Mines. I pray to God for all help and hope that I will be forgiven with His blessings.

With good wishes, Yours Sincerely

Dear Dr. Hardikar,

I have been served with a summons by the chief judicial magistrate, Bellary Dist, Bellari for attending before him on 28/1/75 for an offence committed under section 73 Indian Penal Code, 1952 Mines Safety Dept. This is attracted to be a criminal offence. The offence is committed by my Agent & the Mines Contractor in not reporting to the Mines Safety Officer the date of opening the Jamikunta iron ore and Red oxide mines of which I am an owner. The offence is punishable by three months imprisonment or and a fine of Rs 2500/- I am attending for exemption from attending before him on Health Grounds but am afraid that this permission will not be granted. I have therefore applied for Air Reservation on 25/1/75 to Belgaum or Bangalore and propose to go from there to Bellary by car.

I understand that the chief judicial Magistrate is from Hubali and is reported to be under the impression that people from other states particularly Maharashtra are too proud and do not like to appear before a Desi Magistrate.

You are aware that I have no such feelings and I am anxious to have somebody to put in a good word for me. I would like to find out by telephone from any of your friends at Hubali or Bellary the name of the chief judicial Magistrate and have him influenced to condone the offence or at the most a fine imposed. This will save me from imprisonment. You can do this only by telephone since the time is limited. Just how this could be done I do not know & cannot advise.

Please advise the action taken by you to KHANDEKAR, so that I will know what is done & how far you have succeeded, by 24th night the latest and also by letter to M RAMIAH, c/o M. RAMIAH & SONS, SHRI KRISHNA BUILDING, AVENUE ROAD, BANGALORE/2 KARNATAKA. You can also send a telegram addressed to me c/o SHRI. V. KRISHNAMURTY, 21/17 SATYANARAYANPET, BELLARY/583101 (Tel 415) Bellary as I will otherwise Run an arrival at Bellary on 26th evening.

With kind regards Yours sincerely

My Dear Yashwantrao,

To a very busy man like you, a man like me ought not to write and bother you with trifling matters which do not concern you directly. However, I am writing to you after a long time.

I am not well. I am suffering from prostrate glands. It has made me stick up to this place. It is not possible for me to move about or to attend to any important work.

You know, I do belong to Seva Dal Organisation. Mr. Inamdar was in charge of the same as All India Organizer of Seva Dal. Due to age he has retired yet he has been kept as an Advisor.

Mr. Uma Prasad Tiwari has succeeded Inamdar, as All India Organizer. During the last week of December, 1974, Inamdar came here and narrated to me the happenings leading to his retirement. This week Uma Prasad Tiwari came here to take my advice and guidance in running the Seva Dal Organization.

In the course of our discussion, he spoke about so many things. He wanted to know the details of working of Dr. Hardiker Foundation Trust of which you are the Chairman. He showed his desire of creating a suitable building for the Seva Dal Academy on the plot already secured by you in Delhi. He tells me that the following are the members of the Trust.

1. Shri Y.B. Chavan, Chairman.
2. Shri P.C.Sethi
3. Amarnath Chawla
4. Mavi.bhai Shah
5. S.V.Inamdar.

He further stated that if given an opportunity he would be able to collect upto Rs. 5 Lakhs towards the cost of construction of the Academy Building.

As I am not in touch with the recent happenings in Delhi, I am not in a position to say either yes or no to such proposals. You being the spot, yours are the better judge. Still however, I told him that I had no objection for his going ahead with his proposal, but it was the chairman alone who could take a final decision in the matter. He sure to approach you now. So, please take work from him.

Shall I expect a line in reply from you?

With affectionate regards,

Yours affectionately,

Dear Dr. Sharma,

Just now I have received a telegram from you which tells me that you are arriving here on the 28th. As Mr. S.B.Managoli is available only during the 1st week of February, it will be convenient if you will reach Ghataprabha any day during the 1st week of February.

I have therefore,, sent to you today a telegram to that effect. It reads as follows:

"Your telegram Twenty second Refer my Twenty first letter stop. Managoli available February first week only. Come then.

I hereby confirm that wire and request you to do so under advice to me.

Please reply immediately and let me know when you come.

My very dear Doctor Uncle,

We were very happy to see your hand written letter. I am sure it must have been a strain on you to write. That just shows that you are a very strong willed person, who does not like to trouble others by asking them to do the writing for you. And also the most important thing is that you love us immensely. And I very much want to see you with my children. I can only pray to God so that he gives us an opportunity to take us to you. Now schools have reopened again. From now on I shall [illegible] to take us during Dasara holi

Uncle I will tell you shamelessly he is a bit slightly annoyed with me by the delay. But he will come.

P.S. Now for the shawl that you want. You have not mentioned clearly if it is a shawl that you want or a blanket. So kindly let us know if you want a shawl or a blanket. We will send it immediately. If I don't have at home I will see that Mohan buys a new one for you. I hope it is all right.

My dear Maharshi Harikar,

I am writing this to keep up the link. I have already acknowledged your letter dated 16th inst. As I have said before if I can be with your personaly for some time, I shall try to keep up by writing regularly the existance of my presence in mental discussions about what is passing here and with me. In reply to yours that I should contact the German embassy or consulates, I have said that although more cooperative still the officials are trained in certain atmosphere which makes it impossible for them to be so open and franks as the same person would be as a private man. A private man can talk freely and do things as he feels whereas the same person is tied down by certain limitations and cannot give free expression to his inner exhuberance. Perhaps one can talk with him freely as man to man, but when it comes to putting down on paper he has a second thought and at that time he is not that man who might have talked with one freely as man to man. Therefore I have first chosen the other way about which I have written to Dr Vaidya and in case Dr Vaidya has found it advisible and has done what I have written I shall surely follow it up with my perosnal letters to those parties and set the ball rolling. This very thing I could have done long back and we would have been ere long in the books of those people, but you did not want any publicity and I was required to keep quiet.

Now if and when I come there about which I am very seriously planning then this will me daily occupation to contact all my old aquaintances and to mobilise them for the cause. That is how I got Mrs Mayer to come here to serve here at the cost of German Volunteer service organisation but unfortunately Baba failed me and we could not utilise her unique services so far social work was concerned. She had on her own created here a splendid organisation for the poor which is still functioning without any help or recognisition from Baba and for which she still send money and other help from there. You know she was going about in a jeep which she was driving herself and taking poor patients to hospitals in Bangalore. She must have treated 5 or six Polio cases at her own cost and all her work never received any appreciation from anyone.

You know German and American organisations are seind money and help by lacs to the Blind school here. Just now when an American organisation offred to give one and half lacs to the Blind school to build a new building the Government here did not even pay but asked the school organisation to pay Rs 39000 to get the land converted for building purposes although it was going to be a building for the blind to stay and not a builing to be rented. I would like to come there and try that as my contribution to the Institution if nothing lese. I am trying my level best to free myself here. I have just called Sharad, the truant son of Kaujalgi who has gone out of the house and on whose shoulders poor Kaujalgi -o- has been constructing, to come here and stay in this house which is now his and I shall guide him to build up his business which he wants and so free myself from here. Then I have with the help of Kaujalgi engaged lawyers to pull down Baba from his thrwon. This Shri Kaujalgi might have told you when he was there on his way to Bombay from where he returns on the 4th of Feb when he comes to me again with the lawyers ready for action. If then everything works out smoothly I intend coming to Ghataprabha early March for which I am asking Manadeo Kulkarni to take me with the car and my luggage. At any rate these are my present ideas for your kind information

I think I shall be soon hearing from Dr Vaidya when he has time or through our friend Shri Mangoli as to the result s of the annual meeting and the new President and vice Prsident chosen and also the new Secretary better if it is in person of Shri Mangoli as I suggested.

I am keepin go far quite well. Shri Diwkar has eneterd the hospital for the operation of the catarract on his second and the same good Doctor will be doing that. I hope that he comesout completely cured of his eyesgiht after which he has given to me hint of staying at Hubli.

More in my next letter With my best wishes for your health and kindest regards to all the dearest friend that surround you and particularly out Dr the Sion of the Institution

Sincerely yours

Dear Doctor,

I reached Belgaum at 9-00 A.M. The Bombay Plane was due at Sambra Airport at 11-25 A.M. I went to Airport in Indian Airline's coach and reached there at 11-10 A.M. Shri. Habbu and Mr. Nimbkar came to the waiting Lounge. Mr. B.M. Gogte also flew in the same plane. We all went to Mr. Gogte's House. Shri. Nimbkar read the letter you wrote to him and shown it to Mr. Habbu.

Mr. Nimbkar said that since Mr. Habbu was entrusted with that work already, he asked if Mr. Kulkarni's presence in the court was necessary. Mr. Habbu said that he would study the papers and also study the Act and then would know what to do. He told me that they would come to Hubli on 26-1-75 at 11-00 A.M. and then meet Mr. Kulkarni and discuss the matter with him.

Accordingly, I returned to Hubli yesterday at 8-00 P.M. and phoned to Mr. Kulkarni's wife. She told me that Mr. Kulkarni had gone to Bangalore and that she had received a phone Message from Mr. Kulkarni that he would be in Hubli early morning at 6-00 P.M

This morning, at 11-00 A.M. I went to Mr. Kulkarni's office. By that time both Mr. Nimbkar and Mr Halbe had come to Hubli.

Instead of bringing Mr. Nimbkar to Mr. Kulkarni's office, Mr. Halbe made him wait in the car at some distance and came alone to Mr. Kulkarni's office. Mr. Kulkarni waited for Mr. Nimbkar to come there as he had arranged some light refreshment for them. Mr. Halbe came and told Mr. Kulkarni that his presence at Bellary court was not necessary. As there was already a local lawyer and in addition to that he was also appearing on Mr. Nimbkar's behalf. He further asked Mr. Kulkarni as to how and under what Section he was to argue the case. Mr. Kulkarni gave instructions as to how the case was to be handled.

On the 24th night he had phoned to Nimbkar at Bombay and had assured him that he sent the Wakalat nama he

This morning, I received your post card informing me that Dr. Sharma will be reaching Ghatapprabha on the 31st.

I was awaiting a Phone call or a telegram from Mr. Halbe from Bellary. So, did not post the first 4 pages written on 26-1-75. I thought it would be better if I got any news from Bellary.

Since there is no news at all, I think everything is O.K. There.

After finishing the Hotel owners meeting on the 29th, I will leave for Ghatapprabha either on the 30th or at the latest 31st morning. I will be in Ghatapprabha before noon that day. I will try to finish off the writing there only as far as possible, if anything remains, I will complete it at Ghatapprabha.

I will try to contact Shri

My dear Dr.Hardiker,

I am in Bangalore just now since two weeks having undergone an operation of the eye for glaucoma. It is a simple operation but it takes time for me for another 2/3 weeks to attend to my normal work. Your letter was delivered to me here (Indian Express Guest House, Brunton Road, Bangalore) about three days back.

I must congratulate Dr.Vaidya that he has been able to keep you up and maintain your health during all these years. Please convey my gratitude to him that he has been able to maintain you, one of the best fighters for India's Freedom and one who gave an impetus and a direction to the youth of the Country at that time, nearly more than 50 years ago by establishing the Congress Seva Dal.

Though you may be Jatayu just now, but the 'will' is there. I am one of those who believe that wishes and patriotic emotions will by themselves influence in a way unknown to us millions of people. You are one such influence. I wish you will be kept in good condition by Dr.Vaidya for some more years.

My health is allright and I am fit enough to go round and work for the ideals you have suggested in your letter. I have contemplated the basis on which I have to write down my experiences and bring out a sort of a biography. Let me thank you for what you have said about me. I will possibly finish this book within about 6/7 months.

Let me congratulate you on your 87th birthday and wish you to live more years to guide the people.

My dear Doctor Saheb,

Many thanks for your kind letter dated 28th January conveying to me the Happy News that the Governing Council of Karnataka Health Institute has taken me on its General Body as its Member. I have never considered myself an known member. As such, it is immaterial whether I am a member or not. However, I feel it is an honour to me and I assure you that I shall continue to serve the Institution in my Small Little Capacity.

Since the discipline and Code rules of K. S. R. T. C. do not permit to accept any rewards by out side agency, Mr. Alexander thought in the fitness of things, since it was a recommendation from you, the Driver should be rewarded. All the same; if you desire that the matter should be further pursued, I shall certainly do it.

The other day, when I was in K. F. I. Sri Managoli, promised me to send me copies of representations addressed to the KSRTC & Railways, I have not received any of them, as such, I would once again request you to advise the office to send me copies of such representation whenever they are sent by the K.F.I. so that I could pursue the matter at my level.

I spoke to Mother at Bombay and I informed her that I had met you, she was very happy to know that you are doing well and she has asked me to convey her respects to you.

With love and respects from both of us,

Yours affectionately,

My dear Dr.Hardiker

I have just received your kind letter of 30th January 75.

My eye is practically alright and within a week I will be quite normal. There is no trouble. I can see very clearly.

Thank you very much for inviting me to Ghataprabha. Ghataprabha is a place which I love and I would like to spend some time. The climate is so salubrious and the Ghataprabha waters are excellent. But I am going home to Chitradurga within 3-4 days and after staying there for two weeks I may be fully normal. I think of undertaking a tour in Karnataka State. During the course of that tour it is very likely I may come and see you. I will be writing to you again.

With kind regards;

Yours sincerely,

My dear Doctor Saheb,

I must apologise to you for not writing to your earlier. There has been a certain comedy regarding the despatch of the instrument. One was purchased immediately I came here and the firm was requested to despatch to your address and it was wrongly addressed of which I came to know after your first letter. I was much pained and enquired the branch here. They telephoned to Madras and they said they had despatched and sent me the postal receipt. It was addressed to "Ghataprabha, Belgaum, Maharashtra". The parcel is yet to be returned and the Madras firm has regretted and said they would take back the instrument after they receive. But, however, I did not wait further. I purchased another Japan collaboration so that you may have its aid immediately. The model has changed as all other things have changed in the world. Please let me know if it is helpful. It is an improvised model. I am sure you are improving and the tube has been removed. Probably it has to be removed after another operation. I don't know. I am coming to Belgaum in April and come to Ghataprabha. Meanwhile I have been requested to deliver two lectures on "Respiratory diseases and treatment" under Panvel Trust in Bombay on 2nd and 3rd March 75. If I find time I would be breaking my journey at Ghataprabha for a few hours.

I am travelling to Bombay by Air. I could resort to railway journey only after considering any other programme. I have to leave for Delhi on the 11th to attend the Central Council of Indian

45

Medicine meeting and go to Simla on the 14th and return to Bangalore on the 15th March 75.

I received earlier a blank acknowledgement without your signature. I was about to complain to the Post. I left for Pondicherry on the 2nd to attend the All India Ayurvedic Conference and returned on the 7th Feb. and I found another acknowledgement duly signed.

My regards to sister Vimala and Dr. Vaidya My wife has joined me in praying for your speedy recovery and health.

My Dear Daddy,

It was a great relief to receive your P.C. dtd 29th Jan, acknowledging my letter. Hope you have received my telegram also. I fail to understand how you have missed my other letters.

I am leaving this place on 15/2/75 by G.T & reach B'lore on 17/2/75 & continue my journey to Mysore so as to be there on 18/2/75 a.m. I am not breaking my journey at Bhopal now. On my way back I will spend few days with Ambu.

Ambu's husband is attending duty now. He is going for his regular check ups & also taking medicines. Anyway a sort of uncertainty hovers around Ambu. Poor girl, it is her lot & she has to live with it

I am enclosing the copy of the letter written from LRHs as reply to Vimal's letter Please send reply to the same L R. H S

Before I proceed on leave, I will talk to the supt to take necessary quick action in the matter.

My Mysore address I have given below.

क्योंकि दिनभर दिन लिखने का। यों बातचीत करने का मौका कम होता जाता रहने से मैं बोलना ही नहीं मगर चंद शब्दों में भाषाओं की भूल जाऊंगा इस डर से मैं आज अपको यह हिंदुस्थानी स्वतः लिख रहा हूं क्षमा कीजिये। आज कुछ रोजाना अंग्रेजी लिखना पड़ता है यह मेरी मातृभाषा नहीं है तो भी मैंने बहुत सा अभ्यास किया है तो भी आजकल के हमारे सब लिखे पढ़े भाईबंद इस भाषा में अपना काम काज चलाते हैं और इसका भी मुझे भी इस भाषा में लिखने की आदत हुई है यह एक बड़ी दुःख की बात है कि हमें हिंदुस्थानी भाषा इसी जबान में सोचना, लिखना पढ़ना एक जरूरी बात हुई है। मैं मेरे लिखने में अंतःतक हिंदी शब्द लिखने की कोशिश करूंगा मगर आज पहिले वाक्य हिंदुस्थानी शब्द ज्यादा रहेंगे और मैं समझता हूं के उसमें समझने में आपको दिक्कत नहीं पड़ेगी। सच पूछो तो मैंने कालेज में माध्यमिक शाला कालेजों में पढ़ी नहीं मगर परमेश्वर कृपा से दीप काचड़ा या स्पेंडर के माफिक इंग्लिश में लिखी, बोली भाषा को मैं चुन कर अपनाता हूं और इसी का आग्रह करके उपयोग करता हूं।

तुकाराम महाराज एक जगह कहते हैं "संस्कृत प्राकृत भाषेसि यासि व हाडी आहे ही कथा" उसी तरह इस हिंदी और हिंदुस्थानी कथा या गोष्ठी में ढके पड़े हुये घरेलू शब्दों के सोच विचार एक लिखे पढ़े विद्वान के माफिक आपके सामने रखना कठिन है मुश्किल है तो भी "प्रयत्न करणे मनुजा हाती सिद्धि असे ईश्वर देती" इस न्याय से मैं यह प्रयत्न आज कर रहा हूं।

आप मुझको महर्षी कहते हैं इस पर मुझे गुस्सा न होइये। मेरे लिये आप ही मेरे महर्षी हो। मैंने आज तक कहा भी एक महर्षी देखा नहीं मुझे कहीं भी ऐसी व्यक्ति न मिली जो आज कर रहे हो इसलिये आपका काम निस्वार्थी भावसे करने में महत्व है। मैंने अखबार में पढ़े महर्षी जैसे बहुतों के बारे में सुना है जो आफ्रिका, रिवाइरा के जैसे मालदार मुल्कों में जाकर, गरीब लोगों को लिखना दूसरा कुछ सुझाते नहीं हैं योग और वेद सिखा रहे हैं जिस समय उनके खुद के जन्मभूमी में इजारों लोग अन्नपट हैं और भूखों प्यासों मर रहे हैं। चाहे वे कितने भी लिखे पढ़े और वेद विशारद हो वे मेरे लिये महर्षी नहीं है - वे महर्षी होते तो उनका

कर्तव्य यह था के वे एक पर्णकुटिका बांधकर गांधीजीके रचनात्मक कार्यक्रम
को और विचारे गरीबोंको ऊपर उठानेका प्रयत्न करते परंतु
स्विट झरलेंड जैसे ठंडा देशमें बैठकर मंडा लेटे आप ऐसे दिनका इस
दुनियाको साथ कुछ भी लेन देन नहीं है और सो "कुष्ठ सेवा निधी
प्रोजी विरोत" इसे बातको महत्व नहीं रखकर मानव जाति के अच्छे
के लिये काम कर रहे हैं वही मेरे लिये आज गर्व की है. नर्मदा
बचाव जैसे साधु ओंको पीछे मैं कभी भी खड़ा हूं और रहा थी. मैं
कभी भी बांधका पक्ष लेना नहीं चाहता मगर आज यह मोटे मोटे मगरमच्छों
से घेरे हुये यह बांधरूपी कुंवेमे मेधा जिरफ पड़ी है. मैं वही समझ
गई के आप पुराने सूखी पुत्नी के एक दादी हो. मेरे लिये आप नहीं ही
जीवित पुरुषों और पुरुष सदासे यहां घूम रहे हो. यह मैं आपकी
स्तुती नहीं कर रही हूं मगर मुझे जो दिखाई दे रहा है उसीको
साफ बता रही हूं -

आज मेरी स्थिती और दूसरी है. मैं आगे भी कहूं
अन्यथा कहूं को गांधीजी के धूंधट से कोई दुरीव्यक्ति
कबीर कहते हैं "धूंधट के पट खोल तुझे राम मिलेंगे" मगर अंधारा
हमारे यह धूंधटके पडदे नहीं खुलेंगे तबतक इस अंधेरेमें ही
भटकते रहेंगे और मानो अगर एकदिन परमेश्वरकी
कृपासे अथवा आप जैसे जानकार व्यक्तीके मदतसे अनुभवसे
हम यह अंधेरे चक्रव्यूहके बाहर निकलेंगे तबही मानो हमको
यह शांतिसे सुरक्षका सूरज दिखाई देगा कबीर कहते हैं
वैसा राम मिलेगा -

आज वार्तालिकके जरिये से मैं आपसे कुछ बातें आपसे लिखने का प्रयत्न
कर रही हूं - गयेवर्ष मैंने नर्मदा के उपर लिखा उसमें सरदार
बारेमें थी. इसका कारण यह के जो मैंने लिखा और आगे भविष्यमें
कुछ भी लिखूंगी वह बात अनुभवसिद्ध होनी चाहिये आपनी जैसे
प्रधान और दूसरे भी देश बड़ी बुरी परिस्थिति के गर्दाब में
फसे हुये थे और वोभी आज अपने खुदके हाथ और

सिर्फ गौर पर उभरे आये हैं इतना ही नहीं मगर एक
धोकेदार, ताकतदार अन्य राष्ट्र हुये हैं और दूसरोंकी
मदद कर रहे हैं. इन सब बातोंपर बड़ी गहराई
सेसे सोच विचार करते हुये मैं इस समस्या आ पहुंचा हूं
के आजके हमारे यह हिन दीन अवस्था कारण सर्वथा
इस हिंदुस्थानकी व्यक्तिही है और स्वातंत्र्यताके शिखर
जानेकी जरूरत नहीं ऐसा ही आ रही है.

इस बात पर मैं लिखुंगा मगर सिर्फ इस विधानसे
हमारा काम पूरा नहीं होगा. इस स्वातंत्र्य स्वास्थ्यके लिये
और बड़ा जैसा रास्ता काटना होगा

आज इतनाही लिखकर मैं आपसे रजा लेता हूं और
आपका और संस्थाका एक हितचिंतक मैं हूं इस
लिखानेको पूरा करते हुये आपको और सब भाईबंधोंको
मेरा नमस्कार बेसमझे प्रणाम

Myclear Dr Harelkar,

Thank you so much for your kind letter of 10/2/75.

I am sorry to know that Dr. Vaidya has been unwell and hope that he is by now fully recovered.

My health is "so so" and I am hoping that as the weather warms up I might feel better. My main trouble is "cold feet" & "perspiration" around neck. Hope that I am be able to keep up the coming programme for 15th to 25th and will be able to visit KHI end of the month. I get upset over physical disability & do not like to be a sick man. I pray to God that he will bless me to overcome this feeling.

Please convey my best wishes to Dr Mrs Vaidya & Kumud, Kamala for me in this.

With all the very best
Yours Sincerely &

My dear Hardiker,

Thank you for your letter of 7th instant which I received yesterday.

I can understand how hard it is for you to remain in this condition after living a very long active life and moving from place to place.

I hope you take this confinement to bed with equanimity considering it God's grace.

I was very glad to find you cheerful.

Thank you for your invitation to come there if I want some rest and change of climate. So far with the grace of God I have never been in necessity of change of climate and deliberate rest. It is my constant effort to remain peaceful and at rest mentally and God has been very kind in giving it to me. No special rest, therefore, becomes necessary.

With affectionate regards,

Yours affectionately,

I have received your postcard as also a postcard from Mr. Vatsala Valsini.

Letters to Mr. Shivaiah and to the Station Master of Belgaum along with the application of Ramaiah's son were kept ready for posting. I had requested Smt. Vimalabai to send them to post.

The articles of Manila Mouvie Magazine are translated and kept ready. I will take them along with me. Myself and Bhaskar will go to Chikkaballapur on the 22nd. We listened to the 2nd episode broadcast on the Hill Men Biography also. The entire family listened, it was surprising, got a lot of appreciations.

Everything else O.K.

My dear Maharshi Gardikar

Received your kind reply to my Hindi letter in Hindi dated 13th inst. As it is time to send something for the Varta Patra I am enclosing my small contribution and with it this letter which should serve as a mental meeting so long the physical fails inspite of all the human efforts. Your choice of staying with me when I come is good but the choice of the house selected namely Krishnamoorty Raos house is in my opinion not very appropriate. I think that your present place is the best. You must have a large open Verandaaa as you have at present where you should be able to sit open and receive the friends as you are doing in the open with a large view around. You cannot do that in a room or also in the central hall of that house. That house is conservative. It ought to have been surrounded with atleast 6 to 8 feet Varandas on three sides where you meet human beings and the nature in its various moods. You had been a man of nature, a free man in free surroundings where you could meet the men with youthful free thoughts and not the conspirators in dark rooms.

Most of time here I sit outside in the Veranda, where I sit eat, talk and meet with the people and also do all my typing and writing looking to the free nature around me! Nature is the elixir of my life. Closed rooms depress me. Even in Germany I lived like that.

My letter to Dr Vaidya will inform you about other things here what ah- I am doing, how I am at present awaiting my future in your midst, God willing soon. I was first thinking of coming there with Car with Manadeo Kulgarni but that attempt failed. Then I was thinking of bringing my driver by with my car but even that fellow has so far let me down badly and it may be that I will have to take action against him about that I have told to Shri Kaujalgi when he was was here yesterday. Although one knows that everything is not Gold that shines still poor human minds like me are lead away and ultimately have only the stone in hand, and must wait till many a stones like this may build for me a house.

With my best wishes for your health and best regards to all and all those who are around you

Sincerely yours

N. Ganguley

My Dear Dr. Sharma,

Thank you for your letter of the 19th inst.

Have you edited the recorded Questions and answers? You had promised me that you would send me copies of the transcript as recorded by you. I require three copies of the same. Will you please see that I get them in good time?

I think there are experts in your department who can competently edit the recorded cassets and eliminate the overlapping and repeats. If you don't misunderstand, I would like to suggest to you to send the same here so that I can get them edited and re-recorded by the All India Radio people of Dharwar Station, who have done a very good job of my kannada talk which is being broadcast in kannada in 4 parts under the title Paropakararthamidam shareeram. 3 parts have been broadcast on the 7th 14th and 21st of this month and the 4th one is scheduled on the 28th at 9-15 p.m.

As the talk is in kannada it may not be possible for you to understand the same.

I have with me some more letters for you. They are the letters written from jail in 1942 to my people. I will send them to you for the archives.

In my previous letter to you I had written to you asking you if you had any further questions to be answered by me which you thought you had omitted then. If there are any such questions, please send the questions and the necessary cassets here. I will get my replies recorded here and will send the recorded cassets back to you.

How are you? How is my friend Mr. V.C.Joshi? How is Mr. Nanda? Please give my love to them all.

Please reply soon.

With love,

Yours affectionately,

Dear ShriSaldanha,

Kindly refer to letter dated 24-2-75 from Dr.N.S.Harikar, regarding non stoppage of buses(not taking new diversion route through K.H.I.Ghataprabha). Some instances have been quoted which should help you to take necessary action against the staff. Please let me know what action has been taken in the matter. I feel in your next meeting of the Depot Managers, you should see that they are personally told to implement these instructions and do take action against the erring staff.

Dear Dr. Sharma,

I hope you have seen my previous letter.

The All India Radio authorities of Dharwar Station, having learnt that you have recorded my Talk in the Oral History Prject have written to me and have asked me whether a copy of the recorded Tape will be made available to them. They also want a copy of the written Mss. I am sure you are working on the Script. When the Mss. is ready please do not forget to send me three copies of the Transcript. I will send one copy to the A. I. R. Dharwar and keep two copies with me for my files.

Please let me know how many Tapes of Standard Tape Recorder will be required to dub my Talk as given to you. On hearing from you I will arrange send either the required tapes or the cost of the Tapes which you may purchase yourself for me and dub the same.

I am awaiting to hear from you.

How are you ? Please write.

Dear Shri Hardiker,

As you are aware, we are celebrating the Centenary of Lala Lajpatrai who has completed 100 years on 28th January, 1965 and these celebrations will last till November 17, 1965. During this Centenary period, a number of publications written by or on Lalajee are being brought out.

You have had the privilege of being a close associate of Lalajee for several years in America. I am happy to see that you are writing a series of articles on Lalajee and his work in the Kannada Daily: "SAMYUKTA KARNATAK" edited by Shri R.R. Diwakar. By virtue of your association with Lalajee, these articles would indeed throw light on Lalajee's personality in all its aspects. If you will kindly send me a copy of your articles to the Lajpatrai Centenary Committee will consider it a privilege to get it printed for circulation in the country. I shall be obliged to hear from you at an early date in this connection.

I send herewith some literature bearing on the Centenary celebrations and on Lalajee for your information.

Respected Dr. Saheb:

I am pleased to inform you that I have returned home on 3rd instant from Ghatprabha, after succesafully conducting State level training camp there as Camp Commandant. I have visited Ghatprabha three times before but, this is the first time I got a chance to conduct the Seva Dal Camp there. The happiest moment during my stay there was when I was with you and seeking your blessings. I could meet you after a lapse of two years. My last visit was on the occassion of your Birth Day celebrations. Most of those who have participated in the Camp coming from different parts of Karnataka had a chance to meet their Guruji in the first time and all of them got inspiration to work sincerely and selflessly for our Nation, from you.

I am grateful to you for the hospitality shown to me and to my colleagues and also I thank you on my behalf and on behalf of the camp for the same.

May the Almighty give you long life and good health and you be among us for some more years to come.

With kind regards,

Yours obediently,

Dear Dr Harlekar,

Thank you for your kind letter of 5/3/75.

Regarding Mr. Gogate, I shall speak to him on my next visit to Baramati. Or is no use waiting till the next time please let me know what is your expectation?

It seems that luck is waiting out for this is increasing my worries. I will have to take definite decision very long. However for a time where is very little than I can useful or be missing not because her own I seem to annoy her Sonny is looking after her I hope that she will be fit enough to come back home by next week

Dear Dr Vaidya,

I am taking this opportunity to acknowledge your post card of 3/3/75

It would be better if Padmabhan retires under the scheme proposed by me in my last visit whereby the Institution looks after the life members I feel that staying on at Shantiniketan home will not enable her to get any rest. According to Societies rules Shantiniketan home belongs to the Society & can be occupied by her son only if he is a life member. It would be available to any other life member who would retire at KHI. Please make this clear to Purushottam. Otherwise it will create complications & he may consider the ownership as his which is not the case. If Purushottam wants to live after her, he could contribute to the Society and join as a life member of KHI & would have after her.

I decide to retire at K.H.I I would need accomodation for myself & Kalavati & family

PTO

as Mrs Nimkar does not consider them as Hers
even though they have served her without any
remuneration for 40/41 years. If this happens then
the Boys will be life members of K.H.E & serve

after my death they will shift to Workers
Quarters which Dean build for them even now. I
have also started to settle them at Ogalewadi but
in that case Dean also has to settle there. Dean
is working on this problem & hope I will be
able to take some decision before the end of
this year.

Dean also awaiting to hear from you

My dear Doctor Saheb,

I am herewith enclosing copy of letter received by me from the Division-1 Controller for your kind information.

You will kindly see that necessary revised instructions have been issued to the Depots to operate all services including Express busservice via Karnataka Health Institute. Action is being taken regarding specific instances quoted by Dr.Vaidya which pertains to Ramadurga-Kolhapur bus service. As suggested by me this subject is being taken in the next meeting of the Depot Managers when instructions would be reiterated. I hope this will have the necessary effect on the staff. I hope you are keeping good health. Kindly remember me to Dr.Vaidya.

dated 27-2-1975.

Sir,

In the absence of Shri T.C.Saldanha, Deputy General Manager & Divisional Controller, who is on leave, I have to inform you that instructions have been issued to all the Depots to operate all our services (including Express) Via K.H.I. Hospital at Ghataprabha.

The instance referred to in the letter of 21-2-75 from Dr.M.K.Vaidya, refers to the Ramdurg-Kolhapur service and I am taking necessary action against the Depot Manager concerned for not following the instructions issued by this office.

The instructions to operate all our buses Via K.H.I.Hospital, at Ghataprabha have once again been repeated as advised.

The matter is also being taken up in the next Meeting of the Depot Managers as advised. The letter dated 24-2-75 from Dr.N.S.Yerdikar, has however not been received in this office as yet.

Yours faithfully,

Deputy General Manager &

Dear Shri Mangoli,

I heard through Dr Vaidya that you have agreed to join KHI as an active worker, as a free lance voluntary worker. You have worked in various capacities you are capable of fitting yourself any where, where there is a need, and it is not necessary that you should be given a particular portfolio to attend to. The few days I was with you, I found in you a man with progressive thoughts and abilities. I heard of the good work that you could accomplish in Del-hi, in case of the Restaurant Owners Vis-a-vis the availa bilit-y of food on one side and the many Government measures on the other. Today one meets with many such confronting problems that makes the life of an individual and more so of the institutions of the kind of KHI miserable. One needs a special person to attend to this. This is one of the many things wherein you active mind, energy and capacity will be of great use to KHI. I have been also thinking of coming there to be of some use to humanity but all my good intentions are thrown overboard by one thing or the other that has completely upset the working of my active life. However I have not as yet given up all the hopes and may be we shall be able to meet in couple of months, when we can sit and plan as to how one can fit in the working of KHI and make ourselves useful members of the society.

Wihsing you all the best and with kind regards

sincerely yours

My dear Maharshi Hardikar,

I wrote to you last on the 24th Feb acknowledging yours and it is now time that I write to you again giving to you some cadual thoughts of me the wandering pilgrim. I am not a man seeking for self realisation but a petty materialist looking to the run of things in our daily life which is gathering storm. I admire the work that Jaya Prakash Narayan is doing in the face of staunch opposition of the mighty congress Bureaucratic democracy which is trying to crush every attempt that seeks improvement in the state of things, that and bring help to the poor and needy instead of slogans. I myself go to study the market conditions once in 10 days and see the rising prices and even non availability of things. Rise in wages, in D A, in bonus etc is alright for those who are working in Government or even in private industry but what of those millions who are not employed and are daily wage earners or dependents. No rice is awvailable inthe market below Rs 2.90 , Ragi is priced at Rs 2.50. I do not see Jawar and Bajra here at all and all the pulses are about Rs 3.50 per Kilo and it is wonder how the poor manage to live inspite of this. And all ministers particularly the agricultural are always shouting about prices of food stuffs are going down, that things are improving for them and not for the millions.

You may say why I should worry if I can not improve things. You are right but unfortunately my brains are still working and have got a thinking mind and either I must become mad or be able to switch of aetherial plane and forget what is happening around me . Do you think I shall be able to forget about that if I come to KHI. No there I shall be thinking more. I shall be sharing the responsibility of caring for the welbeing of others around me nearer to me.I would not have felt so much about it if all the rich and poor were to be in the same boat.Or say there is nothing like rich and poor but one suffering humanity as was the condition in Germany after the close of the second world war.There at that time the suffering and joy was equaly distributed and one was happy to share it with the rest without any distinction. But the difference I see here in India after 27 years of Freedom is something appalling. In Democracy of ours we call majority rule but only the small minority has all the prvileges, who do not know what to do with their time and money their evergrowing affluence. And Who are these rich and affluent ? In the first place all the cabinet Ministers and the ever-growing Provincial ministeries and then the Huge Administrative apparatus.Then all the Government owned department and Industries, then all that private industry, and trade who are supporters of the Government and then comes other private Industry and Trade and that is not 20% of the whole population and the condition of the 80% remaining is abominable Then I turn to the religion and what do I see. All the large places of Pilgrimage the great Mathadhipaties and their Maths all the lage temples like Tirupathi are studded with money and affluence to whom the gullible poor pays and what they do for the poor in return.Nothing absolutely nothing. I have here before my eyes a living example in the person of Sai Baba and his growing organisation. I have to think twice before I go once in 10 days in the city with my car, as it costs me Rs 30.-- but whenever Sai Baba is here in Kadugodi there is a constant run of cars coming from Banglore and near places to Sai Baba or to be seen by him or have an interview. And who are these pople ? all the corrupt, chracterless blackmarketiers, hoarders cheats and what not who have time and money insearch of blessings and peaceThe poor has no place there. Baba did not come to see the

poor patients at the dispensary which isbeing run in my land in his name although he passes that place often but he did not even by mistake alight at the Dispensary a single day in the last five years whereas he goes to take lunch or dinner with the Moneyed Bhaktas who are five minites around my place. Then recently was socalled Akahnd Bhajan by Sai Bhaktas and you know where?In the most gaudy and costly place The Glass House in Lall Bagh where only the affluent can go and one day before Baba left for Puttaparty he went to lecture there to these Bhaktas where Governor and others were present. And exactly at the time when he was giving the great moral lecture and about helpingthe poor and what not, I was forced to close down my charitable Dispensary for the poor because Baba did not send the promised money for months and inspite of my informing him that I was closing the same on the 1st March and so many poor will be thrown out. You may blame the Missionaries but they are educating and feeding our poor I am seeing these things everyday and is in ~~no way~~ heart no way heart warming

I have here 14 poor people on my land. From two they have grown into 14. 10 young and four elders. How can I who talk for the poor leave the poor in lurch.I thought of finding them some occupation when the Hospital starts. Failing that I thought of helping Kaujalgi and start small scale industries which would have also given bread to the poor. But the Government and its economic disaster also killed this project. This land which I have donated to Trust would have been a wasteland because of the mismanagement of Baba, but I make my people to plough the land for which I help them so that they are getting every year about 5 bags of rise and some other cereals. Further I have deposited with Kaujalgi Rs 5000 and from the interest they could purchase four bags of Ragi and other cereals and in this way they are covered. This year I have helped them to build a small house in their village so in the event of their having to go from here they have their own place to stay. Not only while I am here but I was thinking of looking to them when I shall not be there. Now tell me Maharshi should I be selfish and for the sake of my comforts in your company, leave these poor in lurch.Naturaly God is their saviour but the same God has made me the tool for this purpose and I have been only carrying out his orders . I was making all these preparations only inoder to free myself to be able to come to you.It is just like snatching away the morsel of food from my mouth when I am going to eat it.My dear Maharshi ! I am sitting here allalone and at present. only God is my company and my saviour

Please note that I do not complain. I am kept above board for my personal needs. Except for some trouble in my leg which has suddenly cropped n about which I have written to Dr Vaidya, I am quite well! Iam only grateful that it is only one leg that is giving me trouble not while standing sitting or sleeping but while walking little distance and hope I shall get over it

I am very seriously thinking of being with you and God helping very soon. I am anxious to be with you and in your company and your surroundings.

With my best wishes and reards also to all who are around you as I see them everyday though far away.

Sincerely yours

N.Ganpuley

Dear Dr. Wankhar,

Thank you for your kind letter No 657/75 of 13-3-75.

I am sorry to know that heat is affecting you badly. Please take some breathing exercises such as ~~Pranayam~~ for about 10-15 minutes a day & you will feel better.

Kamala is slowly progressing. We are all in the same boat except that you are not around you. persons like Dr Vaidya, Vimal, Shanta and other persons who have the hysteria of attention for you. We are not fortunate in having around us persons other than Karuna, Nandkumari Nirmala & the boys but their capacity is limited and creates a sense of loneliness in me. Kamala does not feel this and is quite happy when he sees a grand daughter come here for a few days at a time. She gets annoyed when I suggest that the grand daughters should stay at Bombay if Sonny or his wife cannot do this.

I am afraid that a time is coming when I will have to leave everything & come near you. I hope this will be by end of the year or early next year.

With kind regards to you & all around you.

Dear Dr. Hardikar:

Thank you for your kind letter dated 13th March. I am sorry to learn that you are having difficulties in moving about. But we have to slow down at some time or the other.

Unfortunately all my activities are here in the Nira Valley and I do not have any interest anywhere else. Also, as I had once written to you I dislike travelling. Because of these two facts, it is not possible for me to accept your kind invitation to take interest in K.H.I. Hoping this finds you in better health.

My dear Maharshi Hardikar,

Eventhough I have recently written to you and others, I do not feel like waiting longer in replying your letter dated 13th in order to keep myself in constant touch with you if not personaly atleast through the letter I am extremely sorry for this new developmentthat disables you from writing You have doctors there who should be able to say if the one in the right eye is ripe enough to be taken,so that by the time the one in left develops you will be able to use the right with help of the glasses and when the left is developped the same can be removed so that you have always one eye active and then the both. That is how Shri Diwakar did. He first got one eye operated and then after months the second. Everytime he was free to move about in the house after 5 days. He has now glasses for the both and had been moving about freely. Was recently to Delhi for about 10 days or more to attend his Peace foundationmeeting. This is only laymans conjecture who wishes you all the good.

Shri Kaujalgi was there to meet Dr Lotta Hitschminova perhaps with a souvenir which he was preparing. I could not meet him for a long time and hence d o not know wnathing about the Souvenir and such other things which was keeping him busy.I shall hear from him more when he meets me

I am all the time eager to come there and be with you but somehow or the other the cruel phrase Man proposes and the god disposes seems to be doggedly following me. I have nothing here any more and thought that by coming there I may be able to free Dr Vaidya of good deal of correspon dence work of general nature pertaining to KHI and also start corres ponding from there with friend in Europe whomI could interest for the work of KHI. I could do much more sitting there. But all of a sudden one morning at about 4 when I get up usualy trouble developped with my left leg which is hindering my walking freelyfor even five minutes at a stretch I get drawing sensation in the calf of the left leg and walking further becomes painful. There is absolutely no pain while sitting, or standing or sleeping. Doctors diagnosis is bad blood circulation and for which I am consuming Nicotinic acid tablets which are marketed under various names I had once got couple of gross tubes of these tablets but then they were useless for me and were sent for the Dispensary so that now when I want them I am using NICINAL and Indian preparation - It is effective but not a permanent cure as yet. And now that itis getting hotter and hotter I think I shall have to put off driving there for a few months. But when I come there this time with all my things in my car then it will be final and there will be no going back. This is for your kind information. I would not mind then if I shall not be able to do much of walking although I love to, but I can be easily available to you and to Dr Vaidya and one can discuss things provided, nothing else develops as Moropant says, Kritantkataka Maladhwaja jara diso lagali/ Purassara Gadasave jhagadta tanu fagali. However I hope for the best and am confident of meeting you soon and then doing some work for KHI from there. So please note that all the eagerness of coming to you is on my side,only I am rotating in a wheel of destiny. It is a "Chakrawyuha" from which I have to find my way out.I got in it when I came to India. Although I wanted to come then to Ghataprabha but at that time a different wind was blowing there and I could not possibly fit in myself in that,to some extent,conservative setup of working Yours was an established institution built on certain principles which suited the time and consitions, whereas I came fresh from Germany,with ideas which looked dynamic to some extent at that stage and I thought of making my time and stayed away. But not used to sit idle I got myself entangled with various things from which I am trying to get out,as I think many changes have taken place in KHI and perhaps it is the time I could function in the interest of KHI. But alas between that time and today

10 long years have passed. The time factor at this stage of life has been very important as the growing age and the unforseen disabilities attached to it get upperhand and become the deciding factor and not the will and wishes howsoever good. Let us still hope that a time might come when one may be able to do atleast a fraction of what one intended. I am sorry for your growing physical worries but it is said " When God allows a burden to be put upon you, He also puts his own hand underneath to help you" and in your case the Gods helping hand is all those around you who help you out and remember " Balawattar widhi deto thorāna thoralyāchi tāpate"..that is not a good consolation to be great.

I had just finisned this letter yesterday and was going to post it when I received yours dated 17th inst and somehow I see that I have also replied this letter of yours though received today in the letter already written. Please correct Your Ref No Your letter dated 13th has 657 as ref No and the one of the 17 has 651/75. A small mental excercise for me. Now your signature shows that your handwriting is as before and hence do not worry when the God's hand in the form of Dr Vaidya, Vimalabai and others are under the burden to help you to carry on. In reality I was waiting for Shri Kaujalgi to come and tell me about the KHIreception of Dr Hitschminova but as he has no come so far I am posting this letter in order not to keep you waiting longer. I do not mind if I cannot run about as before so long I can work and my brain and hands functions and the mouth can do all kind of work that is expected from that vocal organ. Where is Shri Mangoli and what is he doing under your guidance Please remember me with my best wishes and kind regards to Dr Vaidya and all the rest who gather around you

Dr. R.A. Tampy of PUNALUR (Kerala) writes about NUTRI NUGGET:-

"I am running a Nursery Home in this locality. I ordered your NUTRI NUGGET and other preparations and have used it in my nursing home as food and also prescribing to my patients and personally using it as I am diabetic. I have never used Insulin or other tablets as medicine to control diabetes. I have been able to control my blood sugar by this diet only."

Dr. Zal Kutar of BAREILLY HOSPITAL wrote about PROTEIN PLUS:-

"It is particularly acceptable where tube feeding is necessary for prolonged period of time and on patients who are un-conscious."

Your valuable enquiries will be highly solicited.

We are also enclosing the necessary literature of our products which will give you a detailed information.

Always with pleasure at your service,

Very truly yours,
FOR SOYA PRODUCTION & RESEARCH ASSC.

## CRISPY CRUNCHY

Mrs. Madhu Jain

**Ingredients: ghee for frying; 1 cup NUTRI NUGGET (chunks); salt and chat masala to taste; 1 onion, 1 tomato and dhania chopped fine for decoration; lime juice.**

Method: Heat ghee in fry pan. Add NUTRI NUGGET and fry on medium heat until it turns a little brown. Remove. Sprinkle salt and chat masala according to taste. Mix well Serve with chopped onion, tomato and dhania sprinkled on top. Add lime juice if desired. Serve as a snack with hot or cold drinks. Makes 2-3 servings

## VEGETARIAN "KEEMA" CURRY

Mrs. J. Nave

**Ingredients: two onions; 6 garlic buds; 4 green chillies, optional; small piece ginger; 2 tablespoons ghee; 2 teaspoons dhania powder; half teaspoon haldi; red chillies powder to taste; 2 teaspoons salt; 3 tomatoes, chopped; 100 gms. NUTRI NUGGET (granules); 250 gms. peas or potatoes; 1 teaspoon garam masala; few dhania leaves.**

Method: Grind together onions, garlic, chillies and ginger. Fry in ghee until golden brown. Add dhania powder, haldi, red chillies powder and salt. Mix well Add tomatoes and fry for 10 minutes. Add dry NUTRI NUGGET. Stir. Add a little water and shelled peas or potatoes cut into small pieces. Cook until the vegetables are done. Add more water if necessary as the NUTRI NUGGET will soak up some. Add garam masala and dhania leaves before serving. Makes 6 servings.

Note If cooked until dry, this can be used as stuffing for samosas, cutlets, parathas, etc.

## PORRIDGE

## न्यूट्री नगिट से कुछ व्यंजन बनाने की विधियां

### करारे कुरमुरे

श्रीमती मधु जैन

**आवश्यक वस्तुएः — तलने के लिए घी, न्यूट्री नगिट ( बड़ा )–१ प्याला, नमक, चाट मसाला, प्याज–१, टमाटर, हरा धनिया और नीबू ।**

**विधिः**—घी को कढ़ाही में गरम करें, गरम होने पर उस में **न्यूट्री नगिट** डाल कर मध्यम आँच पर कुछ देर तलें। जब वह लाल हो जाए तो घी में से निकाल ले। उस में नमक और चाट मसाला इच्छानुसार मिला लें। उपर से कटे हुए धनिये और प्याज से सजा दे और नीबू का रस निचोड़ दें। २ या ३ व्यक्तियो के लिये काफी है।

### शाकाहारी "कीमा करी"

श्रीमती जे० नेव

**आवश्यक वस्तुएं:**—**प्याज–२, अदरख–१" का टुकड़ा, लहसन–३ जवा, घी–२ बड़े चम्मच, हरी मिर्च–४ (इच्छानुसार), पिसा धनिया–२ चाय के चम्मच, पिसी हल्दी–आधा चाय का चम्मच, लाल मिर्च (पिसी)–इच्छानुसार, नमक–२ चाय के चम्मच, टमाटर–३ कटे हुए, गरम मसाला–१ चाय का चम्मच, न्यूट्री नगिट ( मध्यम )–१०० ग्राम, मटर या आलू –२५० ग्राम, हरा धनिया ।**

**विधिः**—प्याज, लहसन, हरी मिर्चे और अदरख को एक साथ पीस ले फिर उसे घी मे भून कर लाल कर ले। टमाटर डाल कर फिर लगभग दस मिनिट घी में भूने। फिर उस मे **न्यूट्री नगिट** को सूखा मिलाए, थोडा पानी डाल दे। चम्मच से चलाते जाय और मटर या आलू के टुकडे डाल दें। **न्यूट्री नगिट** कुछ पानी सोख लेगा, आवश्यकता पडने पर और पानी मिला लें। आलू या मटर जब गल जाय तो उतार ले उपर से गरम मसाला व कटा हुआ हरा धनिया डाल दे। ६ व्यक्तियो के लिये काफी होगा।

**नोटः– पका कर सूख जाने पर ये समोसे, टिकिया या पराठे में भरे जा सकते हैं।**

### दलिया

**आवश्यक वस्तुएः– न्यूट्री नगिट ( महीन )–१ बड़ा चम्मच, सूजी, गेहूं का दलिया या जौ–४ बड़ा चम्मच**

**विधिः**—**न्यूट्री नगिट** ( महीन या छोटे ) में सूजी, जौ या दलिया मिला लें और दलिए की तरह पका लें। अगर आवश्यकता हो तो और पानी मिला लें। २ व्यक्तियो के लिए काफ़ी होगा।

## न्यूट्री नगिट क्या है ?

**न्यूट्री नगिट** सोयाबीन से पकाया हुआ एक प्रोटीन से भरपूर शाकाहारी भोजन है ! सोयाबीन से तेल निकालने के बाद बचे हुए पदार्थ को अधिक दबाव व ताप (extrusion) में पकाया जाता है। यह अमेरिका में ज्ञात किया गया है।

## प्रोटीन कितनी आवश्यक है ?

आप के बच्चों का संस्तिष्क और शारीरिक विकास तब ही भली-भाँति से होगा जब उसे काफी और उत्तम प्रोटीन मिलेगा। प्रोटीन प्रत्येक अवस्था के स्त्री और पुरुषों की शक्ति बनाये रखने और स्वास्थ्य के लिए आवश्यक है। **न्यूट्री नगिट** से ही वह अच्छा प्रोटीन प्राप्त हो सकता है जो दाल, चना और मूंगफली आदि के प्रोटीन से अधिक उत्तम और आप के स्वास्थ्य के लिए अधिक आवश्यक है। इस में विटामिन और लवण ( minerals ) अधिक मात्रा में होते हैं

## न्यूट्री नगिट किसको खाना चाहिए ?

**न्यूट्री नगिट** से बने हुए भोजन प्रत्येक अवस्था के बालकों, नव-जवानों, पुरुषों, गर्भवती स्त्रियों तथा वृधावस्था के व्यक्तियों के लिए बहुत अधिक लाभदायक होता है। **न्यूट्री नगिट** में नमक और चिकनाई बिलकुल नाम-मात्र होती है इसलिए यह उन रोगियों के लिए लाभ दायक है जिन्हें नमक और चिकनाई खाना मना है। **न्यूट्री नगिट** में स्टार्च सैकराइड और कोलेस्टरौल की संख्या भी नाम-मात्र होती है इसलिए **न्यूट्री नगिट** उन रोगियों के लिए जिन को शक्कर आने की बीमारी ( Diabetes ) है, बहुत लाभदायक है।

## क्या न्यूट्री नगिट मेहंगा होता है ?

**न्यूट्री नगिट** की उन वस्तुओं से तुलना कीजिए जिन में अच्छे प्रकार का प्रोटीन होता है।

एक २२५ ग्राम **न्यूट्री नगिट** के पैकेट में उतना ही प्रोटीन होता है जितना —

३½ लिटर दूध या
२० अंडो या
१ किलोग्राम मांस में होता है

अब आप स्वयं सोचिये कि **न्यूट्री नगिट** महंगा है या सस्ता।

## सामान्य निर्देश

**रसोई घर में न्यूट्री नगिट का कैसे उपयोग किया जाय ?**

१- **न्यूट्री नगिट** में वह ही मसाला आप प्रयोग में लायें जो आप अन्य सब्जियों और खाद्यपदार्थों में प्रयोग करते हैं।

२- पहले आप **न्यूट्री नगिट** को उसी प्रकार पकाए जैसे आप बरियाँ या पनीर बनाते हैं। या इस को किसी सब्जी के साथ मिला कर पकाएँ। दलिया बनाएँ, दाल में पकाएँ, आटे में मिला कर चपाती बनाये, या कोई भी मिठाई बना सकते हैं।

३- **न्यूट्री नगिट** को आप जितना चाहें उबाल सकते हैं परन्तु न तो वह टूटेगा और ना ही पानी में घुलेगा।

४- आप माँस की जगह **न्यूट्री नगिट** का उपयोग कर सकते हैं। या थोड़ा **न्यूट्री नगिट** माँस में मिलाकर पका सकते हैं। खर्च कम, स्वादिष्ट और अधिक प्रोटीन प्राप्त कीजिये।

५- **न्यूट्री नगिट** आप की सुविधा के लिये ३ प्रकार के आकारों में मिलता है :— बड़े ( Chunks ), छोटे ( Granules ) और महीन ( Powder )।

६- **उपयोग करने के साधन।**
डिब्बों के उपर दिये हुए हैं।

## *WHAT IS NUTRI NUGGET ?*

***NUTRI NUGGET*** is a fully - cooked textured vegetable protein made from soyabeans.

First, the oil is removed from soyabeans. The " flakes " that remain are then cooked by an ***extrusion*** process recently developed in the U.S.A.

## *HOW IMPORTANT IS PROTEIN ?*

Your child's brain and muscles will develop properly only when you give him enough of the proper quality of protein. Protein is necessary for good health and vigour at ***all*** ages. ***NUTRI NUGGET*** provides the kind of protein you and your family need in an easy - to - use form. The protein in ***NUTRI NUGGET*** is far superior to the protein in dal, channa or groundnut and it has more vitamins and minerals than these foods.

## *WHO SHOULD EAT NUTRI NUGGET ?*

Weaning infants, children, youth, adults, pregnant women and the aged can all eat and benefit from foods prepared with ***NUTRI NUGGET***. The ***low salt*** and ***low fat*** content make it especially useful in diets where these are restricted. ***NUTRI NUGGET*** can play an important part in ***diabetic diets*** as its starch content is negligible and it is low in saccharides. The amount of ***cholesterol*** in ***NUTRI NUGGET*** is negligible.

## *IS NUTRI NUGGET EXPENSIVE ?*

Compare ***NUTRI NUGGET*** with other foods containing good quality protein:

1 packet of ***NUTRI NUGGET*** ( 225 grams ) contains the protein equivalent of :

- 3½ litres milk, or
- 20 eggs, or
- 1 Kg. meat ( as purchased in the market.

***Now compare the prices !***

## *GENERAL DIRECTIONS:*

## *HOW DO I USE NUTRI NUGGET IN MY KITCHEN ?*

1. Use the same masala and flavouring with ***NUTRI NUGGET*** as you would normally use in the food preparation you make.
2. In most cases ***NUTRI NUGGET*** should be added in its ***dry*** state to the dish you are preparing. This will allow it to absorb the juices and flavours of the dish to which it has been added.
3. For a start, use ***NUTRI NUGGET*** as you would bari or panir. Or add it to a vegetable curry, cook it in porridge, dal or chapaties. It can even be added to sweet dishes.
4. You may boil ***NUTRI NUGGET*** as much as you wish and it won't come apart or become mushy.
5. ***NUTRI NUGGET*** can replace part (or all) of the meat in your recipes.....giving your budget a break.
6. ***NUTRI NUGGET*** comes in three particle sizes for your convenience: ***chunks, granules*** and ***powder.***
7. Recipes are on the packages. For more recipes send a stamped, self-addressed envelope to:

PROTESNAC:- contains 15% protein and is available in 50gm. packings. It is a ready-to-eat snack, made out of defatted soya flakes and rice in small pallets as big as peas. It is crisp and delicious as chatmasala is mixed. It is very much liked wherever it has been introduced as it is nutritious and tasty. We get heavy demands for this.

Dear Dr. Sharma,

You had written in your last letter that you would be out of Delhi from 28th February to 6th of this month. Presuming you have returned by now, I am writing this letter.

Have you taken up the work of editing the cassets and the script of Dr. Hardiker's talk? If so, will you please send three copies of the edited script?

Can you dub the entire talk which you have recorded on cassets on Standard Tape and send it on to us? On hearing from you we will send you the required length of Standard Tape or if you can get them at your end, we will send the cost of the same. The dubbed tape is for broadcasting from the Dharwar Station of All India Radio.

Dr. Hardiker desired me to convey his affectionate regards to you, to Shri Joshi and to Shri B.R.Nanda.

I am awaiting your early compliance.

Yours sincerely,

My dear Dr. Hardiker ji,

I have received your two letters - one earlier and the other dated the 17.3.75. All is well at this end. I am keeping awfully busy. I do not neglect comrades. I have done my best for Chandu Lal. The other day I have sanctioned Rs.50/-. My capacity is also limited. I have no funds which can be used for such purposes. I will try my best to raise them, but the Delhi Administration is also involved in scarcity. I hope you will appreciate this. I am sure you are keeping well, and the Hospital is progressing faster than ever under your supervision and control. It is one of the best hospitals in that area and everyone speaks very highly of the same. We have not met for a very long time. It is very unfortunate.

My dear Doctor Saheb,

It is impossible for anybody to keep pace with you in letter-writing. You are so prolific and so difficult to catch up with.

I have received all your letters. But please believe me that I have been extremely busy with a number of our problems which involves travel, interminable meetings/discussions and what not. The reason for my not writing is, therefore, due to unavoidable pre-occupation and not any reluctance to respond to an affectionate well-wisher like you.

I am very anxious to participate in the running of the institution and mobilise assistance and help in whatever manner you direct. In fact, when I was with you last, I discussed with you and also with Dr. Vaidya, but it was not clear to me as to the precise role that you require me to play in the running of the KHI. When I go to Bangalore next, I shall make it a point to come to you and spend a whole day and do as you say.

Chandrika and children are keeping well. They very fondly remember you and send you their most affectionate regards.

With love,

Yours affectionately,

FOR IMMEDIATE ATTENTION AND COMPLIANCE

Dear Sir,

Re: FDR. No 5569 for Rs. 4,500/

You have been our Fixed Depositor for sometime, and we have been paying you interest half-yearly on your deposit(s) without deduction of Tax as the interest amount paid each time did not exceed Rs. 400/-.

In this connection, we wish to draw your attention to the amendment being made in Section 194 A of the I.T Act to be made applicable from 1st April 1975, as under :

> "'Tax will be deducted at source from any income by way of interest other than 'Interest on Securities' where the income credited or paid during the financial year exceeds Rs. 400/-''

In view of the above amendment, we will be obliged to deduct Tax at source @ 10% on interest and pay the same to the Income-Tax Department from every depositor whose total interest exceeds Rs. 400/- in a year. However, Tax will not be deducted if suitale affidavit or certificate from the concerned authorities as required under the I. T. Law is furnished to the Company one month before the due date of payment of interest.

Any how, even though the tax is paid to the department on your interest, the same could be adjusted/refunded on your submitting the return of income to Income-tax Department.

Please send us the I.T. exemption certificate at the earliest for needful action in matter, as otherwise, we will have to deduct tax and pay net interest to you.

Thanking you,

Yours faithfully,

FOR IMMEDIATE ATTENTION
AND COMPLIANCE

Dear Sir, Rd FDR NO 4913 for Rs. 3,000/-

You have been our Fixed Depositor for sometime, and we have been paying you interest half-yearly on your deposit(s) without deduction of Tax as the interest amount paid each time did not exceed Rs. 400/-.

In this connection, we wish to draw your attention to the amendment being made in Section 194 A of the I.T. Act to be made applicable from 1st April 1975, as under :

> ''Tax will be deducted at source from any income by way of interest other than 'Interest on Securities' where the income credited or paid during the financial year exceeds Rs. 400/-''

In view of the above amendment, we will be obliged to deduct Tax at source @ 10% on interest and pay the same to the Income-Tax Department from every depositor whose total interest exceeds Rs. 400/- in a year. However, Tax will not be deducted if suitable affidavit or certificate from the concerned authorities as required under the I. T. Law is furnished to the Company one month before the due date of payment of interest.

Any how, even though the tax is paid to the department on your interest, the same could be adjusted/refunded on your submitting the return of income to Income-tax Department.

Please send us the I.T. exemption certificate at the earliest for needful action in matter, as otherwise, we will have to deduct tax and pay net interest to you.

Thanking you,

Yours faithfully,
For KIRLOSKAR ELECTRIC CO. LTD.,

Dear Dr. Hardiker,

Please refer to your letter dated 21st March 1975.

It was actually on your recommendation that the monthly honorarium of Rs.250/- was sanctioned to Shri S.B. Managoli. I am sorry to know that nothing further has been done after the formal Government Order has been issued. There would be no lapse in the payment or any such thing. The money can be paid with effect from the date of the Government Order. In any case, I am requesting the Education Secretary to look into the matter personally, and to see that whatever necessary is done promptly, and also that a communication is sent to Shri S. B. Managoli.

With regards,

Yours sincerely,

Thank you for your kind letter. It is interesting to know that the Karnatak Health Institute is a development complex to bring about rural upliftment in and around Ghataprabha region of Belgaum District. I appreciate the interest you have shown in the rural industries. I will have the matter examined from my side and would be writing to you again spelling out what could be done in Ghataprabha and around your complex. My dear Dr Vaidya,

It is on the time of yourusual exchange of views which I generaly connect with the time I have to send to the account department my receipt which I am enclsoing herewith.

I received your letter dated 4th acknowledging my letter and giving to me some idea of the work going on there. I am glad that OXFAM have moved in the matter and have asked you for proposals which you are compiling and when OXFAM receives this, I may have a chance of following the same up. Hope OXFAM is able to fill up some part of the gap created by the absence of Dr Lotta's help. According to the account so far, it was not only the financial aid but the presence of Dr Lotta every year was of greater importance and I wonder if OXFAM could step in her shoes. Not that it is necessary as long as Smt Vatsalabai who is thoroughly imbibed in the type of work that is expected, but such visits go a long way to strengthen the ties between the Donor and the receipants, in this case the villagers.

Shri Kaujalgi was with me last Sunday when we generaly talk about the work that he is pursuing in the interest of KHI in the Government and semi Government circles here. These things take their own time and one has to keep on knocking on the doors of these people

Today I received a letter from Shri Managoli in reply to mine which I had sent to him care of Dr Hardikar. He told me when here that he will not be at Ghataprabha all the time but will be visiting the place oft and on and trying to be useful to the institution in whatever capacity he is expected. I first thought that he was to be a permanent resident of the place but he will be shuttling between Hubli and Ghataprabha.

I keep myself bussy at present looking into a few old papers that I could save so far which show me the extent of work I did in the inter-est of Indian economy only to find how successfully the Government machinery has systematicaly ruined every progress. Our present poverty is due to the nonchallant, characterless, corrupt and most selfish work of those who took up the reigns of the Government. One can prove this in every walk of life but to whom to prove and how to help this downward trend. Had I been engaged insomething which I so much wished and for which I tried since my return, I would have found no time to look into all this. It would have saved me so many momenst of brooding and thinking what I am forced to do by being forced into inactivity.

Dr Hardikar has penned a few lines in the letter written by Shri Managoli. It is good of him to take the trouble of writing However it only pains me that I could not do anything by getting myself stupidly engaged in Whitefield surroundings though with good intentions. It is no use crying over the spilt milk. The time and with it the age has passed which one cannot get back and I am only thinking of conserving what little I may have and see if that could be made of any good use eventhough late.

With best wishes and kind regards also to Smt Vatsalabai

Sincerely yours

N. Ganpuley

My dear Maharshi H rdikar,

I acknowledge with great thanks the few lines that you have penned on the letter written by Shri Managoli to me. These linesare full of information to me and full of gratatude because these are written by you when you are finding yourself in the process of descent from branch to branch of the great Tree of life, which you successfully ascended and once saw the working of the world from its top.

I am also going through the dame process and can very well imagine your feelings in comparative study of then and now It is too vast a field that you have to tread. You have to unroll the micrp film of all the events that you have preserved in the cells of your brain. Reels after reels of these films roll past your mental eyes when you sit or lie down. Here you are the mechanik that lets the films roll and you are the solitary audiance who can enjoy the happenings as they roll past. With your biography you have cut out and made available some of the scenes from this uending long film which is only in a greater part meant f-or you and your own amusement. No kataract even semi blindness cannot take away from you this pleasure. Your mental eye is so very powerful to break through all the impediments. Just sit quiet and you have befor you the wonderful Panorama of events right from your childhood when you played with your childhood friends and to this day in which the whole world with somany backgrounds have played their part on the great stage of the world not only in various parts of India but in other countries which you visited and other people whom you met. It is the most saturated Movie of events of which you can never be tired . It is an 86 storied departmental stores all packed with things, of the huge creation from the hands of almighty supplemented with those many human hands. To look in details only one story in this departmental stores takes you one year and so you have been seeing, admiring , wondering, thinking and planning moving from one story to the other completely flabbergasted at this great work of human creation supported by the hand of the Unseen Almighty With this huge material to engage yourself and while away your time you should never feel lonely . Just see your mental eyes and you will alsobe seeing me there playing my part.

I hope I am able to come there personaly soon to distract your attention from this great play and bring you to immediate relity in our world.

With my best wishes and kindest regards and hopes to be able to see you soon

yours sincerely

Dear Doctor,

I reached here at 9-00 P.M. Immediately I sent your letter and the parcel given to me by Smt. Vatsalabai to Smt. Gangutai with my son.

Yesterday until the afternoon, I was busy with Pooja, Abhisheka and other family affairs. In the evening, I tried to contact Shri. Prabhudas. But he was not available. After trying 2-3 persons for the Holiday Home opening function on the 16th, I have fixed Mr. Patil Puttappa to inaugurate the Holiday Home camp on the 16th. As he wants me to go with him, I will leave Hubli for Ghataprabha on Wednesday early morning at 6-30 A.M. by Karnatak Express and reach there by 11-40 A.M. along with Mr. Patil Puttappa. Therefore, it will not be possible for me to be in Ghataprabha on Tuesday evening. I hope it is all right.

This morning, I had gone to Old Hubli to Mr. Devapur for - the work of the Medal. He has accepted to do it. He said, he would melt it and recast it. On one side will be the name of the Awardee and on the obverse will

be the name of the recipient, donor and year. It will be ready within 8-10 days.

This evening or tomorrow morning I will go to Dharwar and Kalkeri - a nearby village in connection with the marriage negotiations of my daughter which has just started.

I think Bhaurao is there at Chitrapur. Please give the proof pages of "ಶ್ರೀ ಸಂಸ್ಥಾನ ಚಿತ್ರಾಪುರ" to him for printing.

Is there anything more that I should do from this end?

I will try again to meet Mr. Prabhudas.

More in my next

With respectful Pranams,

Yours respectfully

16 April 1975

Dear Dr Vaidya

Thank you for your letter written on behalf of a doctor qualified overseas.

I enclose some notes which I hope will be of use and interest to the doctor and would suggest that if he wishes to work in hospitals in the United Kingdom, he should first of all write to the Registrar of the General Medical Council (Overseas Registration Division) with regard to his medical registration and then to the Central Clearing House at the Department of Health and Social Security with reference to either a place on or exemption from the Clinical Attachment Scheme. If the doctor wishes to attend any courses then he should contact in London the Director of the British Postgraduate Medical Federation, in Edinburgh the Director of Studies at the Edinburgh Postgraduate Board for Medicine, or the relevant organisers of any particular course requested - a list of addresses has been enclosed.

I should perhaps explain that if the doctor has qualified within the last three years, he will undoubtedly need to obtain a clinical attachment and this is at present taking approximately two years to arrange. A doctor with more than three years postgraduate experience is advised to apply for exemption provided his registration is in order and he can read and speak English fluently.

I hope this initial information will be helpful to the doctor

Yours sincerely,

## HOSPITAL APPOINTMENTS IN THE UNITED KINGDOM

**Method of Obtaining.** The method of obtaining hospital appointments in this country is by competition Vacant appointments are advertised in the medical journals, and any doctor may apply for one or more that seem to be suitable for his purpose and appropriate to his experience A short list of doctors is made from among the applicants for a vacancy and these are called for interview after which the appointment is made A doctor must be registered with the General Medical Council before starting work

**Grading of Appointments and Rates of Pay** Hospital appointments vary from junior appointments up to those of specialist consultant Particulars of most of the varieties are given below —

| *Appointment* | *Salary* (Rate per annum) | *Usual length of appointments* |
|---|---|---|
| House Officer (HO) | £2,202 to £2,538 | 6 months |
| Senior House Officer (SHO) | £2,823 to £3,198 | 6 months to 12 months |
| Registrar | £3,198 to £3,879 | 2 to 3 years |
| Senior Registrar | £3,711 to £4,743 | 3 or 4 years |

The posts of HO and SHO are normally resident and some registrar posts are resident. When a doctor is required to be resident lodging is provided free but he must pay for meals

## TRAINING TO BE A SPECIALIST

A doctor who wishes to train as a specialist requires both practical experience and instruction in his chosen subject He should plan his course of work with care and can obtain help in this from the Dean or other senior colleagues in the teaching hospital of his medical school Those coming from overseas to this country may seek advice from the overseas Advisers at the British Postgraduate Medical Federation or the Dean of a suitable postgraduate teaching body

To obtain postgraduate experience a doctor will seek appointments of increasing responsibility The most junior appointment appropriate to overseas doctors is that of senior house officer and it is very important that doctors coming from abroad should already have had experience at the house officer level As hospital authorities normally expect doctors to attend for personal interview before making appointments it is rarely of use applying for vacancies until after arrival in the United Kingdom

**Testimonials** Overseas doctors should bring with them testimonials relating to their previous appointments or from their Deans or Professors which may be required when seeking appointments Applicants are advised to have copies of testimonials made and to use these when applying for appointments reserving the original documents for production at interview if required

**Locums** Overseas doctors who have registrable qualifications are eligible for locum tenens duty appointments These are most numerous during the months of July August and September which include the summer vacation period of the postgraduate teaching institutions but a certain number are available at other times of the year **Prior clinical attachment is necessary (see below)**

The Medical Practices Advisory Bureau assists doctors in finding locums in general practice or hospitals Doctors holding locums should join a medical defence society If the locum is in a general practice full registration is required

## PERMISSION TO TAKE UP EMPLOYMENT

Doctors coming to the United Kingdom to take up pre arranged professional appointments may do so without obtaining work permits

Doctors coming under arrangements approved by the Department of Health and Social Security either with a view to taking up attachments under the Department's attachment scheme (see below) or as being eligible for taking up hospital employment without undertaking such attachments may also come without work permits

Doctors intending to seek employment in the United Kingdom should write to the Department of Health and Social Security giving evidence of their qualifications and details of their experience to find out whether or not they would be required to undertake a period of clinical attachment and if so when an attachment could be arranged

## ENTRY AUTHORITY

All persons entering the United Kingdom must have a passport or other travel document valid for the United Kingdom and for return to their own country Foreign nationals whose countries have not concluded a visa abolition agreement with the United Kingdom also require United Kingdom visas Commonwealth citizens are advised to obtain entry clearance before departure in the form of an entry certificate issued by the British High Commission in the country from which they come Foreign nationals who do not require visas may obtain entry clearance in the form of a Home Office letter of consent issued by the Home Office or by the British representative in the country from which they are coming

To obtain an entry clearance a doctor should apply to the nearest British representative He will be required to produce documentary evidence of acceptance for a professional appointment or a letter offering him a place in a clinical attachment scheme or documentary evidence of exemption from the requirement to undertake an attachment as a precondition of eligibility for hospital employment in the National Health Service He will also have to produce his passport and the originals of his medical qualifications and he should also produce any supporting evidence that he would be eligible to practise in the United Kingdom, for example confirmation of registrability from the General Medical Council Doctors who are given leave to enter the United Kingdom are admitted initially for a limited period at the end of which they should apply to the Immigration and Nationality Department, Home Office, Lunar House Wellesley Road Croydon CR9 2BY if they wish for an extension of stay

## CLINICAL ATTACHMENT SCHEME

All overseas medical graduates wishing to serve in National Health Service hospitals must (unless they are in certain exempt categories) undertake an attachment, consisting of a short period in an approved clinical unit in an appropriate specialty before first appointment to a hospital post The doctor receives free lodging and a monetary allowance out of which the cost of meals will be deducted The Scheme provides a useful introduction to the National Health Service though IT CANNOT GUARANTEE FUTURE EMPLOYMENT Full particulars and application forms can be obtained from the local representative of the British Government or from the Central Clearing House for Overseas Medical Graduates Department of Health and Social Security Eileen House 80 94 Newington Causeway, London, SE1 6BY

## MEDICAL REGISTRATION FOR OVERSEAS DOCTORS

**An Overseas Doctor must apply to the General Medical Council, (Overseas Registration Division), 25 Gonfield Street, London, W1P 8BE for registration before engaging in any professional employment in the United Kingdom.** There are three kinds of registration—full, provisional and temporary—and some notes on these are given below. It should be pointed out that the General Medical Council play no part in obtaining medical appointments for a doctor but by placing him on the register they give him the legal status necessary for carrying out his professional duties

**Full Registration** A doctor who holds a qualification recognised by the General Medical Council for the purpose of full registration may apply for full registration This will entitle him to undertake any kind of professional employment. The documents that he is required to submit with his application must include evidence to show that he has obtained certain professional experience since qualifying. The applicant should consult the relevant pamphlet issued by the General Medical Council on the Subject which gives particulars of the experience required together with other detailed information necessary in making his application

**Provisional Registration.** A doctor who holds a qualification recognised by the General Medical Council for full registration but who lacks the necessary professional experience may apply for provisional registration This will enable him to hold resident appointments in hospitals which are approved for the purpose of house officer service and so obtain the experience required for full registration. Appointments recognised for this purpose are advertised in the medical journals as 'pre registration" appointments The applicant should consult the relevant pamphlet issued by the General Medical Council on the subject which includes the detailed information necessary in making his application

**Temporary Registration** The General Medical Council may if they think fit grant temporary registration to a doctor who holds a Commonwealth or foreign qualification which is recognised by the Council for this form of registration Among such qualifications are of course included all qualifications recognised for full registration and many besides Temporary registration enables a doctor to undertake employment in hospitals approved for this purpose and is renewable on each occasion on which a doctor obtains a hospital appointment or an extension of his current appointment (The Council are usually prepared to approved for the purpose of temporary registration, hospitals which are recognised for the purpose of training for postgraduate qualifications) Further information on temporary registration may be obtained from the General Medical Council s Note T R 1 which should be consulted before an application is made

Doctors who wish to practise in the Republic of Ireland must register with the Medical Registration Council of Ireland, 6 Kildare Street Dublin 2 Ireland

## MEDICAL DEFENCE

**Medical visitors from overseas who intend to take up hospital appointments or engage in general practice in the UK are strongly advised to become members of one of the medical defence societies Legal actions may be brought against them long after they have returned to their own countries, and the protection societies have made special provision to cover such possibilities for overseas visitors, who should apply to the secretaries of the societies for further particulars. Doctors who are members of medical defence organisations in their own countries (or who hold comparable insurances) are urged to make certain whether these arrangements cover them for clinical practice in Great Britain. They are also reminded that before allowing any such arrangements to lapse they should be clear as to their entitlement to retrospective cover for any alleged events before they left home.**

# Summary of Regulations and Courses

## GENERAL NOTES

1 *The information in this Summary is published as a guide to inquirers Dates of courses, details of regulations and fees may be altered and courses may not be held if insufficient applications are received The Bureau cannot accept responsibility for changes, omissions or other inaccuracies*

2 Any communications concerning this Summary should be addressed to the Secretary, British Medical Association.

3 Some courses may have been held by the time this brochure is available—they are included as examples of similar courses which may be held at intervals

4 Applications for enrolment should be made to the authorities arranging the courses (see pages 65 and 66 for list of addresses) and it is usually necessary to give at least six months' notice. Applicants are advised to send full particulars of professional qualifications and experience, an outline of probable career together with (if possible) a recommendation by the Dean of the applicant's Medical School or other responsible official when applying for courses of instruction.

5 Before beginning a course of work for a postgraduate diploma the full regulations concerning it should be carefully studied Applications for copies of the regulations for University degrees and diplomas should be made to the Dean of the Medical Faculty of the University concerned except for London University where applications should be made to the Academic Registrar

6 The British Postgraduate Medical Federation is incorporated by Royal Charter and is a School of the University of London It provides advanced education and research opportunities in general medicine, general surgery and their special branches It is concerned with the training of specialists, of junior hospital staff in the four London Metropolitan Regions, and with advanced training at post-membership and post-fellowship level for Consultants and Senior Registrars under the Department of Health Scheme In addition it provides courses and other forms of continuing education for General Practitioners and local authority medical officers at hospitals throughout the London Metropolitan Regions

Postgraduate education is available under the Federation at the Institute of Basic Medical Sciences (Royal College of Surgeons of England) Institute of Cancer Research, including the Chester Beatty Research Institute (Royal Marsden Hospital), Cardio Thoracic Institute (Brompton, London Chest Hospitals and National Heart Hospital), Institute of Child Health (The Hospital for Sick Children Great Ormond Street, Hammersmith Hospital and the Queen Elizabeth Hospital for Children), Institute of Dental Surgery (Eastman Dental Hospital), Institute of Dermatology (St John's Hospital for Diseases of the Skin), Institute of Laryngology and Otology (Royal National Throat, Nose and Ear Hospital), Institute of Neurology (National Hospitals for Nervous Diseases, Queen Square and Maida Vale), Institute of Obstetrics and Gynaecology (Queen Charlotte's Maternity Hospital, The Chelsea Hospital for Women and the Department of Obstetrics and Gynaecology at the Hammersmith Hospital), Institute of Ophthalmology (Moorfields Eye Hospital), Institute of Orthopaedics (Royal National Orthopaedic Hospital), Institute of Psychiatry (Bethlem Royal and Maudsley Hospitals), Institute of Urology (St Peter's, St Paul's, St Philip's Hospitals and the Shaftesbury Hospital)

The Federation arranges an annual series of lectures on "The Scientific Basis of Medicine which is presented in the form of Television Discourses on Channel 7 of the Inner London Education Authority Closed Circuit Television network The television recordings are made by the University of London Audio Visual Centre and one Discourse is broadcast three times in each week of the academic term

Other medical television programmes are arranged by the Federation in association with the University of London Audio-visual Centre and with the support of the four Metropolitan Regional Hospital Boards The programmes are transmitted to all medical schools, hospitals and university institutes connected to the Inner London Area network Medical teaching centres outside London may borrow videotape recordings for local use if they have appropriate replay equipment Further information may be obtained from the Adviser in Audio Visual aids at the BPMF Central Office

The Federation Central Office is situated at 33 Millman Street, London WC1N 3EJ, and enquiries on any aspect of post-graduate medical education are welcomed The Director and other members of the medical staff are always glad to help graduates requiring advice and to see them by appointment The Central Office makes arrangements for postgraduates, including those from the Commonwealth and foreign countries, who require assistance in arranging suitable programmes of study, in doing so, priority is given to those sponsored by their Governments or other official bodies

It is essential for postgraduate students from overseas to make their arrangements well in advance and prospective students who desire the assistance of the Central Office are advised to get in touch with the Overseas Advisers at least six months before they come to this country

## IN-SERVICE TRAINING

**7. Many medical centres throughout the United Kingdom hold part-time courses suitable for doctors preparing for such examinations as those for MRCP, FRCS and FFA, RCS. These are intended primarily for the staff of neighbouring hospitals and are not necessarily included in the Summary. House officers and registrars interested in joining courses of this kind are advised to make enquiries locally of the postgraduate dean, clinical tutor, or regional hospital board.**

## FEES

The British Government has raised tuition fees for students from outside the United Kingdom who attend courses at British Universities The new scale of fees is given where possible, but doctors should always check them when preparing their programme of studies

## SPECIAL NOTES

1 The Summary shows the conditions which must be fulfilled before the diplomas mentioned in the Summary can be awarded

2 In the cases of some of the diplomas the candidate must either be on the UK medical register, or have a medical qualification which permits of full registration in the UK medical register. In the cases of other diplomas, the candidate must possess a medical qualification which is 'recognised' by the authority granting the diploma, though not necessarily registrable in the UK medical register

3 Other conditions which may have to be complied with by candidates relate to personal conduct, age, professional experience, satisfactory attendance at courses of instruction, etc, as shown in the tables

4 In all cases an examination, which may be divided into Primary and Final Exams or into Parts I and II, must be passed

5 Under each subject are shown the diplomas obtainable in that subject (if any) and courses of instruction held in the subject Where tuition in a subject is provided by the authority which grants the diploma, it has been convenient in most cases to combine information *re* courses of instruction with that concerning the regulations for the diploma The remaining courses of instruction in a subject are shown separately

Ref.No /75-76 Date 18th April 1975

Dear Sir,

I am enclosing herewith a request from Dr. Suryanath Kamath for some assistance to publish his volumes on Freedom Struggle in Karnataka. As it is a compilation of statments given by those who actually took part in the struggle, it serves as a good base material as a reference book. The work (I have been the first volume) is stupendous and highly expressive. I had suggested Dr. Kamath to see sri Jayantrao Tilak who has advised him to contact us. I had also written to you to consider the case. Since then, as no reply has been received I hope you also agree to give some grant to Dr. Kamath which would be helpful to him to complete the task he has taken up. As indicated I propose a grant of Rs. 2,000/- for his work. The total cost of publishing the entire 3 volumes will be well over Rs. 50,000/- and it would be a very valuable record of our Freedom struggle.

50,000/-

Awaiting your approval

(Karnataka Branch)

Respected Sirs,

I have been editing a book Swatantrya Sangramada Suriilalu in Kannada, which is a compilation of memoirs of freedom fighters from Karnataka. This work is going to be an important source book for writing the history of freedom movement in karnataka and all other movements connected with it like constructive activities, harijan movemen etc. I plan to bring out the work in 5 volumes and these together are expected to contain 800 memoirs. The first volume is already released in May 1974. It contained 371 write-ups and has 1310 pages in demy 1/8 size. The second volume is in press at present.

As this venture cannot be undertaken by a single individual, I have solicited the help of various agencies, interested in the matter. The Bangalore University, where I am employed at present, has promised to meet all expenses connected with collection of material & like travelling, typing, correspondence etc. But publication is a major item for which I require some funds. Dr. Jayadevarao Kulkarni of Belgaum, noted freedom fighter, had personally donated Rs.2000/-, and the Grama Seva Samiti, Ankola had donated Rs.1000/- for the first volume.

I am in need of help for II and III volumes too, for which material collection is almost complete. Sri Jayantraoji Tilak had instructed me that I can seek some aid from your Fund, and therefore I am approaching you to kindly grant me a financial aid of Rs.2000/- in this national venture.

Opinions expressed by Dr. R.R. Diwakar, Sri K. Hanumantayya, M.P., Sri S. Nijalingappa and other freedom

GOVERNMENT OF KARNATAKA

BELGAUM ಬೆಳಗಾಂ
ದಿನಾಂಕ DATED 18-4-1975.

D.O.No. KHI.HLT.82-82

Dear Dr. Hardiker,

I have your letter dated 9-4-1975. I have also received your letter of 17-4-1975. Immediately on my return from my last visit to the K.H.I. I recorded office notes for action on all the points mentioned by you.

As regards the Holiday Home Grant, I have already instructed the Deputy Commissioner, Belgaum on 31-3-1975 to support the Holiday Home programme conducted by the KHI. I am also instructing the Assistant Commissioner, Bailhongal, who is the Administrator of the T.D.B. Gokak to provide adequate funds to meet the cost of this programme.

As regards the application of Town Planning Act to the area, I have already instructed the Assistant Director of Town Planning, Belgaum, to visit the KHI and to meet the Chief Medical Officer to discuss the subject in greater details. He will assist in working out necessary proposals in this behalf.

As regards declaring the area of the KHI Ghataprabha and the surrounding area of about 5 miles as 'Health Zone', suitable proposals have already been submitted to Government in the past to issue necessary Notification. I am getting the additional information required by the Director of Health & F.P. Services, Bangalore, so as to expedite the issue of Notification by Government in the matter.

It was nice of you to have invited me for the closing function of the Holiday Home Camp on 7th May 1975 at 5-30 pm. I am glad to accept your invitation. I will be happy if some material could be sent to me on the programme.

Kind regards,

Yours sincerely,

My Dear Joshi,

It is a long time since I have heard from you. Dr. Sharma had written to me saying that he would go out of Delhi and return on the 6th of this month. Accordingly, I wrote to him during the 2nd week of this month and requested him to send me a copy of the script of the talk which he had recorded here as an item in his oral History Project. Neither has he sent me the copy nor has he replied to my letter.

What is the matter with him? Has he not yet returned? Has he not taken up the editing of my talk? I will very much appreciate if you make enquiries and let me know where the matter of my recorded talk stands. Please reply.

Dear Shri Nagaraj,

I had moved the Divisional Superintendent South Central Railways for allotment of Railway Land on lease at Ghataprabha Railway Station for provision of a regular control point and for a passenger shelter for the public who have now to wait in hot sun. The Railways have accepted my proposal and have advised the Divisional Controller, K.S.R.T.C.Belgaum in their letter dated 29-3-75 offering the Railway land on lease. I understand the Divisional Controller has forwarded these proposal for your approval vide his letter dated 25th April 1975. My dear Doctor

Your letter to Sundari and me dated 18th April 1975 to hand.

I wonder if apologies and expressions of mis-givings to any measure could convey how deeply I regret for not having written to you earlier. I am indeed grateful to Sundari for having kept the message channel going to keep you informed of our otherwise "jogging" well being, both of children, Sundari and myself.

My trip to Ghataprabha, I could assure you continues to ghost around our minds as a blue print-waiting for a suitable opportunity for successful execution; the principal idea being to come over for a short period during a bearable salubrious climate (2 or 3 days) along with Sundari and Children so that you can see them; as I am sure your memories of seeing Anand on 26th May 1967 on the Poona-Bangalore Mail at 11.30 night when we passed Ghataprabha must surely be fleeting and Arti being a November 68 product, not at all. I am doing the next possible easier mode of execution immediately and I am enclosing a copy of a photograph of both Anand and Arti which again is also not the very latest.

Anand, I presume like almost all men is of a kindly nature and quick to help and not beset with manipulating clever approaches to situations and problems. Arti on the other hand is a very very intelligent child and I am sure that in the future when all of us may not be around to help them, she will take good care of him. Well that is all for the time being.

Venkataramaiah has been showing himself now and again and from what I can see he is keeping pretty good health. Furthermore his son seems to have obtained a fairly gainful employment which I am sure must have meant quite some relief both financial and otherwise to Venkataramaiah.

I will try and write to you more often now and really hope I can do so.

With love from all of us, hoping that you will take good care of yourself, I am,

Yours affectionately

Mohan

Do please convey my kind regards to Jayatai, Dr. Vaidya & other friends.

My dear Dr.Vaidya,

Just this morning I had mailed a card to you announcing my arrival at Bombay. This afternoon at 3 I had gone to the Gonernor. I had a talk with him about various things. I was engaged with him for one hour and have given him full information about the Institute and its working.

It seems, due to some trouble of his Gadag program, it was not possible to send the program to any one. The final program will be sent immediately.

I have received a copy of the speech drafted by M/s.Potdar and Chikodi. Mr. Nimbkar is here. I will discuss the whole thing with him this night when he comes to Iyer's and will draft our own on the basis of the one you have sent. Please note that

draft you have sent is pretty long. However, it acts as a basis for our draft. We will send a copy to the Gonernor also. You need not worry about it.

Mr.Baburao Pusalkar is here. I had a talk with him regarding the van. I will speak to Mr.Nimbkar also tonight and will finally settle. I have understood you Yes, let us have it. When I reach Ghataprabha I will write to Durgabai and give her all the details about the van.

I have received a letter from Br.Balankhe also. He has given me an idea about the work that is being done there now. Please tell him that I will bring the books if his brother brings them and gives them to me before I leave.

The typewriter is ready at Nimbkar's. It will be packed and handed over to me on the 29th at the time of the

महर्षी शिर्डीकर यांस

अनेकानेक नमस्कार वि. वि.

डारी मी आपणास ४ दिवसापूर्वी डॉक्टरांच्या फाजरोंवर दोन शब्द लिहिले होते तरी पण आज आपली चिठ्ठी ज्याचे कारण असे आहे की आज रोजी मासे दमले थकले होते गंगा-दीप राईले व परतीराला जाऊन पोहोचले. त्यांची माझी ८० वर्षे सेवा केली व मला या जगातील लढाईत दीर्घायुष्य पाठवले आणि म्हणून मी त्यांना या गंगातीरी पंढरीच्या सुंदर हिरव्यागार कुशीत मनसोक्त धरा नसाने सोडून दिले व पुढील वाट मी पायी जाण्याचा निश्चय केला आहे. मला आणखी किती दूर जावयाचे आहे त्याकरिता मला आणखी किती वर्षे देवाने दिली आहेत हे मला माहीत नाही. एका तिकीट आहे फक्त डोंगर खाजरे दिसत आहेत. तरुण पणी जी गोष्ट साध्य करिता आली असती ती करण्यात आता फार श्रम पडतील असे मला वाटत नाही. फक्त त्यांचे चक्के उतरलेले. तरी पण आता माघार घेणे शक्य नाही. वाहने सोडून दिली आहेत आणि पुढे जाणे हा एकच मार्ग बाकी आहे, व तोही वाईट असेल असे म्हणता येणार नाही. मार्गात कदाचित अडचणी असतील परंतु उडचणी कोणा नव्हत्या. आजपर्यंत त्यांना तोंड देऊनच मी येथे येऊन पोहोचलो आहे मग उरलेल्या थोड्या वाटेस भिण्याचे कारण काय? ज्या परमेश्वराने मला लहान पोलप्रमाणे हात धरून येथे आणून पोहोचविले, तोच मला पुढे जाण्यास आवश्यक मदत करील अशी पूर्ण आत्मविश्वासाने मी पुढे जाण्याचा निश्चय केला आहे पर्वत शिखरावर जाऊन पोहोचावयाचे हे एकच ध्येय डोळ्या पुढे आहे. वाट दाखविणारा सहस्रकिरणी वर चमकत आहे मग भिण्याचे कारण काय?

सकाळी उठल्यावर गेल्या ८० वर्षांचा आढावा काढला व असे दिसून आले की मी आजपर्यंत कोणाचेही वाईट केले नाही इतरांच्या सुखातच स्वतःचे सुख आहे ही भावना मी पूर्णपणे आचरली आणि त्यामुळे मला इतरांचे वाईट करिता आले नाही

आणि त्यामुळे पहिला फार आनंद झाला आणि त्या आनंदातच
मी माझ्या नव्या वर्षाचे नित्य कार्यास सुरुवात केले
जन्मदिवस म्हणून होणारा औपचारिक आनंद झाला नाही. कदाचित
कौतुकाची येतील असे वाटत होते पण तसे झाले नाही. फक्त
Miss Mayer कडूनच एक पत्र आले. मी सर्व सकाळ मागल्या
विचारात व सुखा समाधानात काढली. स्वतःचे जेवण ही मी केले
(आज फरसाणीवाईट आहे) तरी पण त्यांनी काहीतरी करून खाण्यास
सांगितले होते. आता मी एकटी असल्यामुळे तरी माझे हितचिंतक
'परमेश्वर कृपाने' आहेत, अच्युतराव पटवर्धनांचा फोन आला. ते
गृहस्थ आज येणार होता येता म्हणून गेली तीन वर्षे आले नव्हते
वाढदिवसाचे मला फोन स्नेही आणि मित्रांचे प्राप्त झाले व
अशा रीतीने हा दिवस साजरा करण्यात आला. आनंद झाला

मागील पत्रात मी आपणास लिहिले आहे त्यात नवे काहीच
नाही ही जगाची रीत आहे. दुसऱ्याला दोष आपण का द्यावा
दोषात असूनही दुसरी सगावे, हसावे असे म्हणणारे आहेत सर्व
आपलेच की आहेत - "पिता पुत्रावर प्रेम पुत्र करितो तयावर
स्वतः करितो करीत आहे" इत्यादि तत्व आपणास सर्वत्र आढळून येईल. तरी पण आपल्या आपलेपणाची दोषाकडे
दुर्लक्ष करून सर्व माणसे आपला वाढदिवस साजरा करतील
पोळी त्यावेळेस स्वतः तेथे हजर नसतो तरी मी आहे
ही गोष्ट विसरू नका - आठवणीकरिता म्हणून सकाळी
काढलेले एक चित्र आपणास पाठवीत आहे. मी तुमच्या
मनावर आहे - ~~तुम्ही~~ फक्त तुम्ही मुंबई पहाता तसा मी माझे हृदय
आहे, असा म्हणजे मी तुमच्या गावीत. आपलेपणाचे
परतु सर्वांनी सुखेनः संतु या एकमेव हेतूने आपण आपला
वाढदिवस सर्वांकरिता म्हणून साजरा करावा अशी मला
इच्छा आहे अधिकोत्तर पुढील पत्रे व्यवहारे

It is a great pleasure to know that the Karnataka Health Institute, Ghataprabha, have planned to bring out a Special Souvenir "Rural Health Number" on the very auspicious day, the 7th May 1975, the 87th Birth Day of Dr. N.S.Hardikar, Founder of Hindustani Seva Dal and a staunch nationalist. This is really a very noble gesture.

Rural Health Centres have yet to play pivotal role to cater the health needs of rural folk, most of them afe very poor.

I am quite confident that the Karnataka Health Institute, Ghataprabha, would strive its best to bring the saying "Health is Wealth" in perfect practice by extending all medical aid to our villagers of Belgaum district.

I wish every success in all their endeavours.

Subject: Message for a souvenir on Rural Health Servic sponsored by the Karnatak Health Institute, Ghataprabha (Dist: Belgaum)

Sir,

The Karnatak Health Institute, Ghataprabha has been tackling the problem of Rural Health since the last 3 decades. Though the problem is gigantic, covering the length and breadth of our country, the Karnatak Health Institute has dedicatedly been serving the rural area by carrying medical aid to the very doors of village folk in a radious of 30 miles around through its mobile squad and other arrangements.

To enumerate, analise and discuss the magnitude of the health problem and to find our suitable ways and means to resolve we have decided to bring out a special souvenir called "Rural Health Number" on the 7th of May, 1975 which happens to be the 87th Birth Day of Dr. N.S.Hardiker, Founder of Hindustani Seva Dal and the backbone of this Institute. We have requested a number of medicos social workers who have been devotedly working for this cause, to give us their experiences and suggest remedies for the all round improvement of Rural Health. Many eminent doctors, officials and public men have been approached and they have promised to enliven this special Number by contributing articles.

A message for all those concerned from you through this Number will go a long way in accellerating the speed of this humanitarian service.

We shall deem it a favour if a word of encouragement is given to us by you.

Awaiting for an early compliance please allow us, to renew our services to humanity.

Yours faithfully,

M.K.Vaidya,MS.,

My dear Doctor,

Little did I know when last week that I would be in New Delhi this week. I am sure the greetings telegram I sent today on your 85th birthday reached you before the day ran out. I am sure with Dr. Vaidya, Gangutai, Yamutai Mantri and your band of lovers & workers (of NSH) must have made a very befitting birthday celebration.

(2)

I have come to Delhi on Company work, having decked here on the 5th evening by AIR. I am not very sure how long I will still stay on — probably till early next week (13th or 14th May). Work with Government is unfortunately not clip-clear & fast!

I will write again after returning to Bangalore / in the meanwhile once again, a very happy birthday & many happy returns!

With love, Yours affectionately

Rohan.

सध्या उमापतची प्रकृती बरी आहे असें नी. सौ. मामींच्या पत्रावरून समजून बरें वाटलें. दि. ५ रोजी आपल्या वाढदिवसाच्यानिमित्ताने मी येणार होतें. पण माझी प्रकृती व आर्थिक अडचणी यामुळे येऊं शकत नाही. कारण प्रकृतीमुळे सध्या कुठेंच जावें वाटत नाही. इकडेही उकाडा आहेच. एकादिवस पाऊस झाला तिकडेही पाराच्या उकाडा आहे. उमा सौ. मामींनी लिहिलें आहे.

उमापतच्या वाढदिवसापर्यंत 'A Golden Leaf' ची कॉपी पूर्ण करण्याचा विचार होता. पण तो होत नाही असें दिसतें. फारुक लेख लिहिण्याचें काम होईल व इतर बरेंच राहिलंच. लेख लिहिण्याचे काम होत आलें आहे. त्यांना ते पुस्तक पाहायला मिळालें नाही त्यांचेसाठी तरी हें तयार व्हावे अशी इच्छा आहे. संदर्भासाठी रेकॉर्डिंग सहीत. प्रयत्न करत आहे.

My Dear Sidveerappa,

I am sorry I have to bother you again with this letter.

Two years back when you had paid a visit to K.H.I. you were kind enough to tell me that you would sanction a Grant of Rs. 60,000/- towards the cost of construction of a new General Ward of 20 beds for T.B. patients.

Accordingly, we xxxx started the work of construction and it was opened for the use of the patients in the month of June last.

When we approached your Health Ministry with our application for the Grant, the replies that we received were quite strange and surprising. The Health Ministry, in reply to our application, questioned the propriety of having two T. B. Sanatoriums in a small place like Ghataprabha. But the authority who posed this question ought to have known that the Karnatak Health Institute was established in 1929 and that it was serving the suffering humanity since the last 45 years. Facts being so, I do not understand why this question was raked up.

You know all these are trifling matters which come out of small minds. I don't mind if the Government says "no" to my request. But extraneous matters should not be brought forward when such matters are kept before you for consideration. To sum up wex were not able to secure the Grant on the plea from your department that another T.B.Sanatorium was in existence nearby. All these are strange arguments.

To add to our discomfiture, the furious storm that broke out last week x has played havoc here and caused much loss. About 800 Sq. ft. of cement Roof sheets were blown away and they were broken into smythereens. We shall have to find money to repair the damages and to make arrangement to prevent recurrence.

Facts being so, there is no alternative but to approach you and seek your aid. I xxx sure you will please apply your mind personally and seriously to this matter and see that the necessary financial aid is given to us without any further delay. Shall I expect realization of your promise now at least? A word of assurance from you will set my anxiety at rest. Please.

How are you? Are you fully recovered from your illness?

With warmest Regards,

Yours affectionately,

NSH

Dear Doctor,

I received your P.C. This morning. I am sending the Marathi article and its Kannada version herewith.

yesterday my family people had gone to Shevades to see Mrs. Gangutai. She is quite alright. I have not yet met Bhaurao. I am very busy with some domestic work.

I have asked Kupa Medical Agencies to despatch Mc. Gaw to K. H. I. They will send the same today.

Mr. H.B. Kulkarni has gone to Dharwar with the application of Dr. V. G. Kulkarni. H.B. had asked Dr. V. G. to fulfill all the conditions mentioned in the form. He has not done so inspite of my request. He has not enclosed his college certificate and good character certificate from two gentlemen.

I will let you know the result of H.B's efforts

Parcel of Shri. V.V. Deshpande engineer has been sent to him Through my son Chi. Mahabaleshwar this morning.

I will be leaving for Shimoga for the marriage of Basanna Wali's daughter and will return on the 17th.

I will go to the Rly. D.S. office tomorrow.

More in my next.

My dear Doctor,

On 10th, I came here safely at 6-30 p.m. or so.

I delivered all the three letters that you gave to me, to the addressees.

Tomorrow, early in the morning, I leave this place to my eldest son's place, in connection with the marriage ceremony of his son.

I have already sent yesterday to you, the printed card of this marriage.

The bearer of this letter is the son of our Sevadal worker, late Sri. L.R.S. Sharma.

I had a talk with him and showed him the books where his fathers reference was found.

He will have a talk with you

Everything else here is o.k.

yours Affly

My dear Maharshi Hardikar,

I was glad to receive your letter dated 12th inst particularly in your own handwriting and that says heaps. I am sorry that I was not personaly there but from what I heart, it was a nice function suiting to the great occasion.

Now you write to me as to when will Shri Ram come to you. But you know as well as I that Rama has not to come he is always there with you within you and his existance in you only reverberates whenever you call out his name loudly audible to others. Jatayu with clipped wings is also a play of Ram in you. You know that all beings are God personified. He is everywhere. Every action of ours is his manifestation and therefore try to do only good actions, try to speak only the truth, do good to all around you is what of which we are constantly reprimanded. You know that when the Doctor operates his hand is guided by Rama that brings the success. "Sarvachi Rama jahale" So you have not to search for him. You are not going away anywhere but always remain here in your actions and so kindly do not think of your being here today and tomorrow not, but you pervade all over also in your physical absence.

You must have received my last letter in Marathm with which I had sent to you a sketch of myself moving onwards to those great heights towards which all of us are on constant march. I am just following your footsteps trying to get at you. So please do not be in a hurry. I am expecting Mahadeo Kulkarni to come here on the 21st when we shall settle as to when we can next drive to Ghataprabha which should be about AUG/SEPt this year and then I shall be with you.

Shri Rangrao Diwakar was just here when I am writing this letter. He was for 8 days in Ooty with his daughter inlaw and his two grand children and seems to be quite happy. He makes it a point to call on me whenever he goes to see Satya Sai Baba, but this great man has not the guts to ask Sai Baba why-as to why he is playing ducks and drakes with me respectively with the poor people here for whom the Dispensary and hospital was meant.

Shri Madhgrao Kaujalgi was here also on the 14th evening which happened to be my birthday according to Indian Calender "Akshaya Tritiya" He came late in the evening with a friend and was with me for couple of hours. I had just then received a letter from Dr Vaidya about bumps etc about which he knew. He will be going to Ghataprabha on the 21st when you will here as to what all he has so far achieved. I am glad that he is putting his heart and soul, in the work of KHI and is a valuable asset to Dr Vaidya. These two days people are busy here with the visit of Shri Jaya Prakash Narayan in which Shri B. K. Gupta inspite of his illhealth, is actingelyinterested. I only wish that I could be in the struggle like that and many more like Jaya Prakash if we want to take out the cart of our nation sinking in the morast, in the filth or sewage of all the dirt that we have been creating under the present rule. Someone must on this a gobar plant so that we can give to the country the required light and energy to live and prosper as a human nation of real culture about which we are only talking today.

With my best wishes and Kindest rehards to all

sincerely yours

N. Ganpuley

Dear Smt Vimal, Nice of you to be near the great man and tell him something about us who are hovering around with good intentions to help

My dear Dr Vaidya,

This is to acknowledge your very energitic letter dated 12th together with a copy of your letter to Mr Raaner of Bread for the world: I have yesterday written to Mrs Mayer informing her of your having written to some friends in Germany and that she should help us in our efforts as she interested inthe kind of work. I have also written inthe meantime to Mr Linden of the Disseldorf corporation. you are right when you say that he who gives the directions has also to be responsible for giving the thinking power etc It is like that "When God allowsa burden to be put upon you, He will put his own hand undernaeth to help you" You are a brave and dedicated worker and as such Help will come to you. Shri Kaujalgi told me about his talks with Voltas when I told him as to what you wrote to me about the pumps and the matteris being attended to about whihh Kaujalgi will tell you when he is there personaly onthe 21st respectively 22nd. Ours is wet to work whereas the decision lies in the hands of God.

I was glad to have a letter from Dr Hardikar as you will see let us hope that he is spared for us for some time to come.

With all my best wishes and kind regards also to Smt Vatsala

My dear Dr. Hardikar
and Dr. Vaidya,

Thank you so much for your post card of 15-5-75.

As I am placed at present I do not know my programme & hence cannot say if I will be able to attend the meeting and hence apply for leave of absence.

There is a drooping feeling in my legs below the knees & in my arms below the elbows. I am advised to eat meat & fish which unfortunately get into my teeth cavities and I have to go to a Dentist. I am thereafter taking some proteins & Fivedrol two times a day. I think my complaints are more mental than physical.

I am sorry to know that the water supply has gone down. Does this apply to the Tube Well of the back of the Hospital or from the Nalla of the Ghatkopar side. I hope that you will soon have rains and the conditions would improve.

Dr. Virkar has gone to Goa as an examiner. I have asked him to look up Dr. Sharad Vaidya & I hope he will do so.

It is quite warm in Bombay & one gets continuous perspiration.

With Affectionate regards to you both & best wishes to the [illegible]

Dear Dr. Vaidya,

Some time ago Dr. N.S. Hardikar wrote to the Prime Minister about the Karnatak Health Institute's affairs. He had said that the assistance which was being received from the Unitarian Services Committee was likely to come to an end. Could you kindly give me some indication of the quantum of the assistance which ~~was~~ being received? It will also be appreciated if you could kindly send me the latest published statement of accounts of the Institute.

Dear Shri Sharada Prasadji,

Thank you for your kind letter No.7(363)/75-PMS of 21st. received to-day.

I am accordingly enclosing copy of the USC Budget for two subsequent years which will give an idea of the assistance received from them. It gives also the break up as approved by USC.

This amount was exclusively for the development of rural Medico-social services which were started with the help of USC in 1955, October 2nd. and thence continued and expanded continuously.

I am also enclosing a copy of the summary of the village services from the start on the auspicious day of Gandhi Jayanti, 195 since it was at hand.

A copy of the latest published and audited accounts of the Institute is also enclosed as desired, plus a copy of the latest picture of the activities of the Institute for your knowledge.

.....

Doctor Hardiker was pleased that his letter had received attention from Smt. Indiraji. He feels considerably depressed and expresses it often that in these days of difficulties he cannot actively contribute in any way to the National cause and control of the youth. Though physically weak he is fully alert and aware of everything at his 87, and anytime he feels a little better, starts writing letters and dictating, and getting things read.

He so much desires that he could once meet Indiraji for whose achievements he has so much admiration and affection.

With best wishes,

and thanking you again,

Dear sir,

I am in receipt of your letter Dated 30-5-1975. I had tentatively programmed to tour Belgaum District including Ghataprabha during the first week of June 1975. But due to unavoidable circumstances, I am obliged to postpone to tour programme to a future date.

Perhaps you are aware that the Midwifery and Psychiatric Nursing programmes for trained Nurses have been reduced from 9 months to 6 months from 1st July 1975. In this connection, a one day workshop is being organized on 16th of this month, at Bowring & Lady Curzon Hospital - Bangalore. You are therefore requested to depute the tutor teaching Midwifery at your School of Nursing to take part in this workshop. Accommodation is being arranged in that hospital for the participants. You might have been in receipt of the official communication in this regard. However, I have enclosed a copy herein.

I will certainly inform you of my tour programme to your place sufficiently early in due course.

Thanking you very much and with kind regards.

My dear Maharshi Haedikar

Your last letter to me was dated 12th May to which I replied on the 16th and after that I wrote to Dr Vaidya on the 22nd May which you must have read. I have nothing new or sensational to write but this letter is only in keeping to my enquiry about you and the general work there. Shri Madhurao came back from Ghataprabha on the 2nd inst and told me when I phoned that except for growing weakness, which is but natural in the view of severe physical draw backs through which you have been passing, you are dojng well . He also told me that you are also going through your evening Car drive as before, when I used to accompany you and now instead of me Shri Shidlingayya is keeping you company. I am very glad to hear about this progress and particularly about having a companion like shri Siddalingayya to be with you.

Kindly ask Shri Siddalingayya to kindly continue his stay there, if he has nothing very special to do in Bangalore, till I come there to form a group of Trayanam Dhoortanam or the Three musketeers when we can together drive to attack the windmills if any. I shall be soon completing my 10 years of Adnyatawas here in which time I have to a great e-xtent lost my power of speech , having no one to talk to. Amahtama Gandhi observed Mouna on some days, whereas Shri Vinoba Bhave is observing it with settled purpose of achieving self realisation but this mouna is forced upon me for no betterment of my soul but it only looses my active energy to be useful if not in cultural atleast in the material world. I only hope that I am very soon freed from the mental torments which I have foreed upon myself unknowingly. My intentions were good but I failed to understand that the execution of these intentions,however good, was not inmy hands.

Shri Mahadeo Kulkarni who was here must have met you before he left for Bombay. I shalls request him to come here about the begining of September when I shall transfer myself bodily to you. I only hope that I am then capable of doing service to humanity by putting my hands to the type of work you are all doing there and I only hope that atleast these my intentions find a fruitful solution in those surroudings and do not be a failure at it has been here in Whitefield.

I expect to meet Shri Kaujalgi perhaps tomorrow and I s-hall post this letter after hearing him. It seems that he has also brought with him certain writings about me which I had sent to you as he thinks that he could make soemuseful and readable literature out of all that. Although I had my own doubts and was not very particular about it, but as yourself and also o-thers think that my experience in life of varigated nature may be of some use to the posterity, I shall go through the same with Shri Kaujalgi and try to sift out such things which we find interesting that could addto the existing literature. Let us see if we get some Nectar from this Samudra Manthana. Atleast this will give me some engagement for some time and may not feel completely lost as I am doing today here.

Where is the great Shri Managoli who joined KHI as a Volunteer. To be volunteer does not mean to do only such things as are told, but it should also mean to do things on ones own taking full responsibility for the action. I do not want to enforce upon Shri Managoli anything but only express my views and hope to be excused if Shri Managoli feels otherwise. You had been the creator of volunteer units in India and therefo-re you must have your definite views about the work and duties of Volunteers and hence I need not try to be moreexhaustive on this question

I first thought of posting this letter after my talks with Shri Kaujalgi which I expected this morning. However it was not possible for him to be here as promised and hence I post this earlier and shall write again when I shall write to Dr Vaidya my usual monthly letter.

Today I received the Varta Patra which is having an educative testise of late written by Dr Vaidya which ought to be the work of Government mychinery set for that purpose but unfortunately no Government mayninery functions for which it is meant and for which Millions of poor mans money is spent, this work has fallen upon the shoulders of doctors like Vaidya who are in reality better and correct type of men to say with some knowledge and authority on the subject of Hygene and not those Government officials begining from the Health ministers downwards, who personaly need to be taught about these things before theycould give advise to the public on this subject. These are all misfits and who are to be blamed for that but our own electorate.

With all my best wishes and kindest regards also to Dr Vaidya Shri Siddalingaya if he is still there and all the rest of our friend who are around you.

Yours sincerely

N Ganpuley

My Dear Daddy. 218 9th June 1975
N. Delhi-3

Why have you not replied my P.C. which I wrote 1½ months ago. It is very unusual on your part to be silent like this. Even if you can't write always you will make some one else to write to me. Are you angry with me because I didn't meet you in person while I went to Mysore on holiday.

Our postal system these days are so wonderful often letters do not reach the addressee. So I am not surprised if you have not read my letter. So let me repeat some of the things which I have already written.

I returned to Delhi on 2nd April after making a brief halt of 2 days at Bhopal with Ambu. There is not much change in her husband's health who had sustained an Heart Attack on 20th March 1974. He has no doubt joined duty at his doing light work and taking medicines regularly. Poor Ambu's life has become a life of anxiety and uncertainity. I always write to her & remind that these are facts of life & she should face it courageously whatever may be the result. When I write these words I am fully aware that preaching is much easier than practice.

While I was on leave both my nephew & niece got married & also we observed my dear mothers 2nd Yr anniversary death ceremony through my niece's marriage was planned there was no negotiations even for my nephew's marriage. Everything came up so suddenly therefore I could not leave Mysore & take my pre planned trip to Chintamoha. I am very much disappointed that I could not meet you. I consider myself unfortunate that I could not this trip.

How are you these days? I you started walking about & write lette How are Vimal, DR Vaidya & Mr. Mang kindly convey my regards to them. What happened to Vimal's certificate?

please let me know whether I have to do something at this end to get it.

As far as my work in the office is concerned there is nothing much to report. I am rather keen to seek a transfer to B'lore. With this in view I met some people connected with World Bank population Project, Regional Family Planning office, National TB institute, Mental Hospital etc. since all these are located at B'lore & come under administrative control of Central Govt. All my efforts are in vain it appears. So far I have not been able to make any headway in this regard. I am afraid I have to think of some other alternative. On the whole I am in a dix. I very much wanted to discuss this in person with you which I could not make it up.

Please do reply at your convenience. Anxiously awaiting your reply.

Yours affly
Mani

My Dear Brothers Devaraj Urs and K.H.,

I am writing this on a very ticklish matter. Excuse me for poking my nose in your personal affairs.

For some time past, I have been reading in Papers and have been hearing from friends that all is not well between you both, who, if you so desire can develop the whole State and bring more happiness and prosperity to the people of Karnataka. I have been thinking about this affair for quite some time. First I thought I should forget the whole affair. But my deep affection towards you two, did not allow me to keep mum. Hence this letter.

It is quite another thing if we keep these differences to ourselves and express privately our views accordingly in no uncertain terms. But to wash the rag in public is quite another matter. Let us not forget that there is a hoard of loyal friends, colleagues and followers, when we are in office. Along with these sincere well-wishers, a number of opportunists also mix up with genuine friends like Rahu and Kethu. They are usually keen on widening the gulf of difference between the differing leaders. Because they all along know what side of the bread is buttered. We are to be very cautious about such time-servers.

It is my surmise that the difference between you two is the result of manipulation of such persons. I would not have minded and interfered in this squabble of two stalwarts like you. But what I fear is if this squabble is allowed to continue then it will result in great injury to the body politic and will certainly cut both sides, which I do not wish to see.

Both of you possess a fund of energy. Both of you command ample resources. Both of you are expert organizers. More than any thing else, both of you are intelligent and are capable of seeing every thing in its true perspective. Facts being so, why should there be tug of war between two giants? I don't believe it is due to power politics. I know what K.H. is. I also know what Devaraj Urs is. It will be better for both of you sit together without the interference of any one else and weed out the differences. Then only both of you will be strong and the Pradesh will be strong and that will result in the prosperity of the State.

Will it be too much if I expect this attitude of self-abnigationis practised by both of you? As an elder brother, I thought to be my duty to tell you both what I feel about this affair.

If you do not like it, if you do not relish it, please ignore it and throw this letter in the waste-paper-basket. But do take the trouble of writing to me as to what you do in the matter.

With love to you both,

Yours affectionately,

Dear Sri. Harikar,

Your letter dated 9th inst. Sri T.S. and I discussed the matter. There is no use in listing the name of the writers and asking them to contribute articles. It will take much time. The book has to be ready by Sept. I have already requested the Prime Minister to lay the foundation Stone. The function has to be fixed sometimes in Sept.

I wrote to you before, that the responsibility is completely yours. We have some articles and photos. They will be sent to you with T.S. You can ask a few friends to write. You may yourself write one. I will write one. The book may contain about a hundred pages. Sri Managoli is an able person and I am sure he will write and edit the book, once he makes a Starting.

I am ready with money and the plans for the Shivapura Flag Satyagraha Memorial. You have to make the work ready. The "Samyuktha

I met Mr. Bhamrao this morning in the press. He told me that Dr. Vaidya's Marathi article and its Kannada translation was not received by you till Saturday the 17th. I am very much worried about it.

I Sent the article and the translation on the 13th night. It was put in the cover of Mrs. B. C. Bhusad and posted at Hubli R.M.S. on Tuesday the 13th. I have also written a letter in which I have given full report of the work entrusted

to me by Dr. Vaidya and
Mr. S B. Deshpande. Th
was done as soon as I receive
your post card. I am
surprised to hear that it ha
not reached you.

I am going to Dharwar to
see the family of a

Dear & Revered doctor, 26.6.75

Just now at 10 a.m. today I learnt Emergency is declared. All anti gandhian life is Eclipsed day by day. We are heading to a Maha-Bharata War, and destruction.

Sri Hanumanthaya has arranged to get some photos of the Sivapur Congress by 2nd July. My personal involvements due to attachment, have also put off my return to you.

I have received the notice of the GC monthly meeting — with your personal Cryptic words "Yours received" with initial

notes. It is nearly a month since I came here. I sincerely apologise to you all of you - esp Sri S.B.Mji.
I hope your health is OK.
I feel sure I will come before G.C meeting - with all materials! With love I rest

Respected Prime Minister Indiraji,

I am writing this letter about an out-standing personality from Canada. She is Dr. Lotta Hitschmanova, Executive Director of the Unitarian Services Committee of Canada with whom I came in contact for the first time in 1955 and have been following her activities till now.

Dr. Lotta Hitschmanova came to India in the year 1953 and started her humanitarian relief work. During these 20 years and more, the Unitarian Services Committee, of Canada under her guidance, has done yeomen's service in the field of service to humanity in this country. Millions of Rupees have been given away for the relief of the suffering and orphan women and children. She has, also helped by giving donations in cash and kind to various service Institutions in this country and in 20 other countries of the world.

Looking to her gigantic achievements during her life time, this lady deserves to be honoured and her services recognized by India through you.

I think she deserves to be recognized by you as one of the outstanding women of the year, as the year 1975 is declared as the year of the "Women of the World".

I am sending her Bio-data for your perusal. I shall be glad if you will please acknowledge receipts of this letter.

With affectionate regards,

Yours affectionately,

I enclose K.H's letter which explains all your enquiry.

I am glad that Sri Mangoli has been in your company at present.

I have got some papers from Sri K.H., but they are not that we expected. His secretary is busy otherwise and has no time to attend to this souvenir. I will try to collect some materials, before I come.

I am not quite feeling well here. yesterday, I attended the court & gave evidence.

Sri B.N.G has gone to madras, as he told me on phone. I hope to meet him

and Partha, before 16th ~~August~~ and go to GTP, on 17th morning

Please bear with me for this delay.

my dear doctor,

I am sorry that I am unable to start to day; because some important papers re the Souvenir + Th photos + blocks are with Swam Sachidanand who too has gone away to Delhi with Sri K H. If I dont attend personally when I am here, no body else will do it later.

All are in a confused condition about the result of the High Court Judgement

At this time I liked to remain with you but, if I arrive with half done work it will be a waste.

Hence, I feel unhappy I will wait here for some tangible work to write or start soon within 5 days.

Dear Dr. Hardikar,

I was over joyed to receive your letter in response to the invitation for the marriage of my third son in the April conveying your blessings.

I was very sorry to know about the deterioration of your health. I hope yous are better now.

You have been constantly inviting and persuading me to come to Ghata Prabha. It is a pity that I have not been able to do so till now. My health also is in dol drums. I have had my third heart attack recently immediately after my third son's marriage and I am still not yet out of woods. I hope to be able, however to be fairly fit for some mild activity on the 18th instant for a few hours at the time of my sons marriage.

I will write to you again after some time.

With best wishes & warm most Regards,

I am directed to state that Arabhavi farm is an instructional farm attached to Agricultural School and farmers training centre. The main purpose is to provide training opportunities to the participants under the training programme. Further there is a problem of water supply for irrigational purposes through out the year.

In view of the above if is not possible to supply the vegetables to the Hospital on commercial basis. However, the Superintendent of the School has been requested to produce what ever vegetables he can during the Kharif Season in particular. You may purchase the available vegetables from the School farm.

Dear Doctor,

I was to go to Ghatprabha today yesterday I put a call to Bangalore and contacted Shri. P. S. Bhat & and Mrs. Sumati Madiman regarding my monthly Honorarium 7 of the 12 persons who have been awarded this Honorarium have already been receiving their monthly. I have not yet received the Pay order. Therefore, Mr. Bhat has advised me to go to Bangalore immediately. So, I am leaving for Bangalore tonight and will be returning by Sunday the 22nd. On the 23rd is Pournima and on the 24th I have to perform Aradhana of my Guru Shrimat Jagadguru Shri Valmikeshwar Swamiji who had given me "Upadesha". After That I will go to Bail Hongal on the 25th and will then go to Ghatprabha via Belgaum, possibly by the 28th instr

I am sorry I am not able to come earlier.

Moreover, I find that there is no urgent work which I should handle. I will take up the work of Shri. T. Siddalingaiah's Souvenir work and will finish within 10-15 days.

पूज्य मा. डॉ. आजोबा यांस,

कुटुंबातील सर्वांना नमस्कार वि. वि.

आपले पत्र येऊन बरेच दिवस झाले माझ्याकडून आपण लांबची अपेक्षा करणे बरोबर आहे. पत्र साहित्याची नव्हे मी साहित्यिक नाही म्हणूनच नाही काही इकडचे तिकडचे, पाऊस पाणी व हवामान हे मी लिहिण्यार विशेष काय?

वि. वसराम आपल्याला पत्र लिहायला मिळाला हे वाचून फार आनंद झाला असेल असे वाटले. तिकडेही थोडा पडला असेल व आलेल्या पत्रावरून समजले पाऊस पडला नाही तरे होईल पाण्याचा मोठा प्रश्न सुटेल आता सगळेच प्रश्न सुटण्यापेक्षा एक निर्माण होत असतात. सध्या कडे आठवण, गाडे, खूण, मोरामो सारखे, मोची हे शब्द एकू येणात सध्या ये शेतकरण फार विचित्रच चालू आहे कोणतीच अर्थव्यवस्था होत नाही पण प्रत्येकाच्या राजिनामा मागणारा एक गट, तर पाठिंबा देणारा दुसरा गट त्यात्यातही आंदोलने चालू असतात ये कळत नाही दिवसेंदिवस वातावरण खूप, अस्थिरमय व उपयुक्त कोणीच नसणे उलट समाजातला, तरुण मुलांना आणखी रक्त तेच लिहिले ते असते असो सध्या आपली सर्वांची परिस्थिती काय वाचायचे हेच कळत नाही तर वाचणेच नाही त्यापेक्षा आपले जास्त पत्रांत दुसरे काही मन शांत राहाते व वाचणेच एक सहजपणे तेही चालू शकते

मला आतिकडे वातावरण योग्य नाही. दोनदा आलो नाही. मी रोज वाट पाहते, तो मामा ~~काही~~ त्याशिवाय लिहिण्यात आरोग्यविषयक उपयुक्त व. शाळेत काहून दारव वर्ष जाणे पण अडचण मला मिळत नाहीत पाठवले जात नाहीत की. नाहक हेलपाटे कुत्रेना काही आडचणीत जे उपयुक्त ते हवेच्या दुर्मीळ असतात >

मी डॉ लोटा काईना यांना लिहिण्याचे कारण म्हणजे पत्र पाठवल्यानंतर
out of stock वगैरे काही निरोप त्यांनी कोणाला पाठवला नाही
अशी आमची परिस्थिती आहे हवे तर नाही व मला मे तरी आपले
सर्व्हिस गोल्फ मशीन, फाऊंडी चेअर, वगैरे पार्सल द्वारे उपलब्ध
मुळे स्वच्छता मोहिमे उपक्रमी आहे पत्र कसे वाटले याबद्दल
पाहायला, वाचायला मिळाले नेत्यांना चला, दुसरी बाजू
तरी आहे की नाही विचारायची सोय नाही. असो परंतु पार्सलांना
नाकु घरले तरी दुर्गंधी येणे पूर्वीचा गोका व स्वीकृत गोष्टी
सर्वत्रीने आमुलाग्र बदल झाला आहे. व फायदा झाला आहे
आमचे दुर्दैव ! व कोणाचेही लिहून घेत नाही. शाकेनही गोष्ट
नको आहे पुढची कामे करावे लेखन नको नाही

१ एप्रिल पासून गोव्याचे आंतरदेशीय व परदेशातील कुरियर
लिहिले सर्वेक्षण चालू करणे. आपले कुरियर पेमेंट याबद्दल
काय होऊ. पत्रातील लिहिले पण आपले आधीच मनात आहे
लिहिले. कळावे आपला, मनू कामात

महोदय,

आज आपल्या वाढदिवसानिमित्त आपणांस मनापासून व आपल्या परिवारातील सर्वांचे आपणांस दीर्घायुष्य, उत्तम आरोग्य, दयाघन ईश्वराने निरोगी व उदंड आयुष्य द्यावे अशी सदिच्छा व्यक्त करणे आमचे कर्तव्य. राजकारणाच्या कित्येक पिढ्यांना पुरतील असे सुसंस्कृत आपल्या वाणी-लेखणी-कृतितून आचरण यातल्यांच्या डोळे आपण देताना दिसले. हे आपले मोठेपण कसे विसरता येईल ? गेली १५-२० वर्षे नि:स्वार्थ बुद्धीने कार्यकर्त्यांच्या आरोग्यासाठी दक्ष असल्याने आपले जीवनाचे

My Dear Daddy and
Smt. Mahagoli,

Received your P.C. dtd 19th
& noted all contents. Sorry I
could not write to you earlier as

My niece's marriage
went off smoothly as per schedule
on 6-3-75. After that I got busy
in meeting some people at B'lore
office (Population Project India) in
connection with my transfer. But
nothing much has materialized
& things are not hopeful.

After this we got busy in
searching a suitable match for
my nephew who is a Major in
the army. He has approved a
girl who is Asst. Engineer in BEL
at B'lore. The marriage is likely

my Revered Doctor,

Reedyours informing the sad loss of our Venerable President Kirloskar. "Old order changeth yielding place to New" which is inevitable.

I phoned to dear B.N.G & he told that there is no proposal for the present to visit K. H. I returned from Kasi, a broken man & am becoming normal. I hope to visit you about 4th week of this month.

Glad that some pension was awarded to dear Mangoli Amount is not important and we must accept it as a token, in these uncertain, confused times in our Motherland.

Please excuse my absence
